Contents

Large format **04**
A host of designs from precious metal foils to futuristic patterns

Cast glass **32**
Bricks and mosaics in stunning rainbow effects and rich, deep colours

Metallic and sparkling **40**
Sophisticated and subtle, metallic and sparkling effect tiles look great in bathrooms and kitchens

Mirror **58**
Highly reflective pieces, some with antique effects

Splashbacks and upstands **66**
Two sizes and numerous colour options in speciality glass for kitchens and beyond, with matching upstands

Clear and frosted **76**
Tiles in many colours, different formats and sizes with a glossy or frosted finish

Important information **93**

04

DECORATIVE
LARGE FORMAT

Go large

Large format glass tiles can be used to transform a room, reflect light or to create dazzling effects.

Choose from a host of designs from precious metal foils to futuristic patterns.
See pages 26-31 for the full range

Aduro GW-ADR6030

Large format decoratives

Copper Leaf GW-CLF6030

Silver Leaf GW-SLF6030 shown with Viano White marble from the Earthworks Collection

Take a leaf

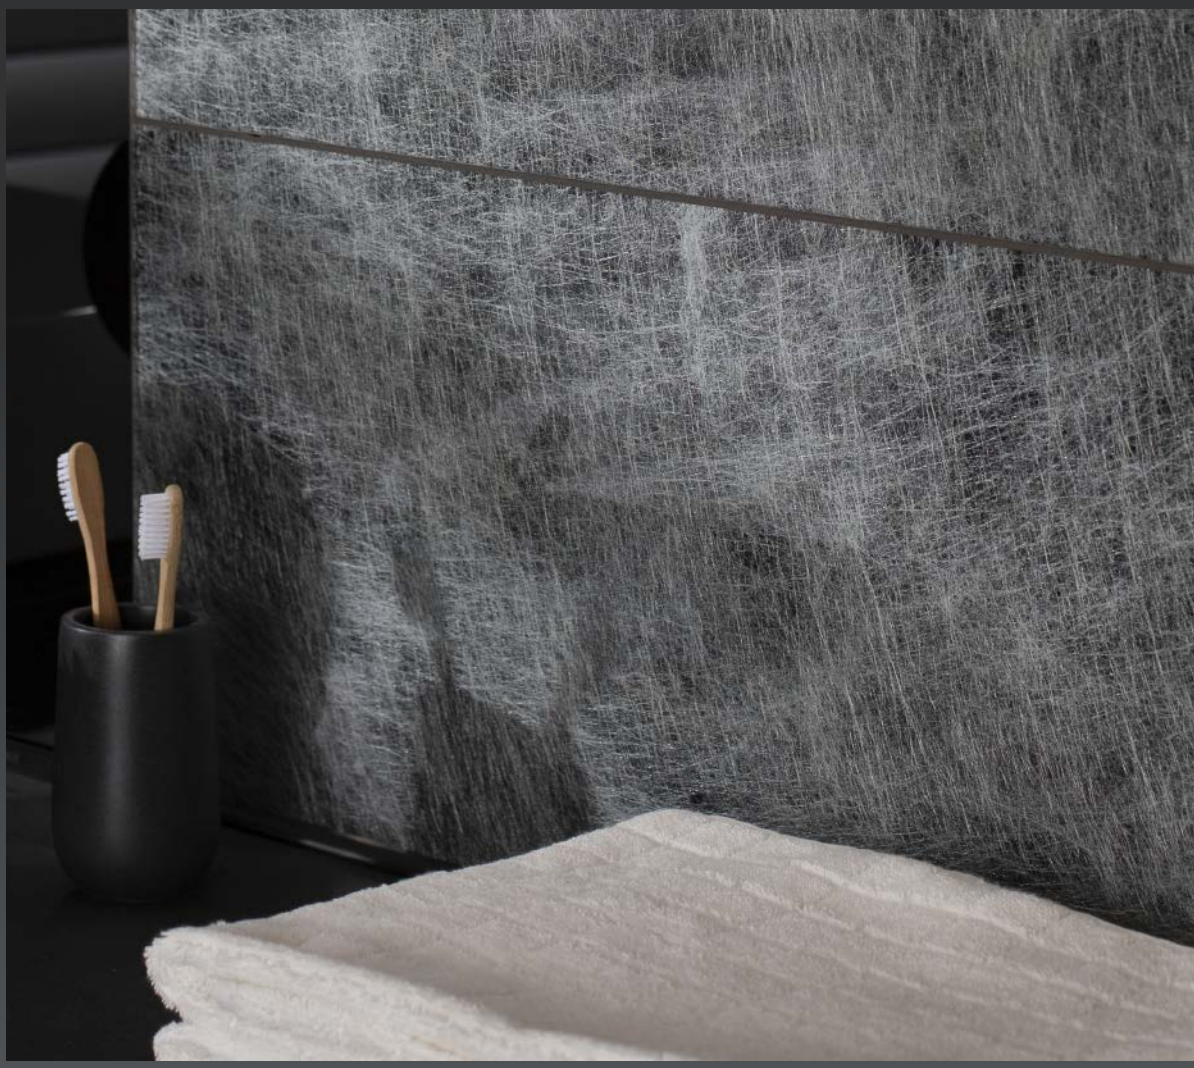
Sheets of incredibly thin real gold, silver and copper are used to create the striking effects in these large format tiles. For subtly nuanced patterns go for Gold, Silver and Copper Leaf, or choose the highly textured Bold versions for more of a statement.

Gold Leaf GW-GLF6030

Masterpieces of precious metal encapsulated in glass. These copper leaf tiles will make a striking first impression wherever they are used.

Copper Leaf Bold GW-CFBLP6030 shown with Krea Ash Slip Resistant wood effect planks from the Tileworks Collection

Spun Silk GW-WWSLV6030 with Indus GW-IND6030C



Spun Silk GW-WWSLV6030 detail

A fine line

Look closely at Spun Silk and you'll see a network of silk-like threads beneath the surface. Then stand back and you'll fully appreciate the overall effect of this decorative tile.

Lavish living

It's the very opposite of minimalism. There's an opalescent depth to these tiles – why not echo these textures by furnishing the room with sumptuous fabrics and rich colours?

Caeli GW-CAE6030

NOBLE ISLE
HEATHER HONEY
HAND LOTION

Tutankhamun GW-TUT6030

A glass act

Although it doesn't look like it, these tiles are actually made from glass – they appear to have been forged from silver or wrought iron. Their intricate designs will add drama to any setting.

Pharaoh GW-PHR6030 shown with City Range Salerno Carbone polished porcelain tiles from the Tileworks Collection

Graphite Wave GW-GRP6020

Ride the wave

Create a wave of excitement with these textured tiles, available in two distinct styles and three colour options, from bright silver to deep graphite grey.

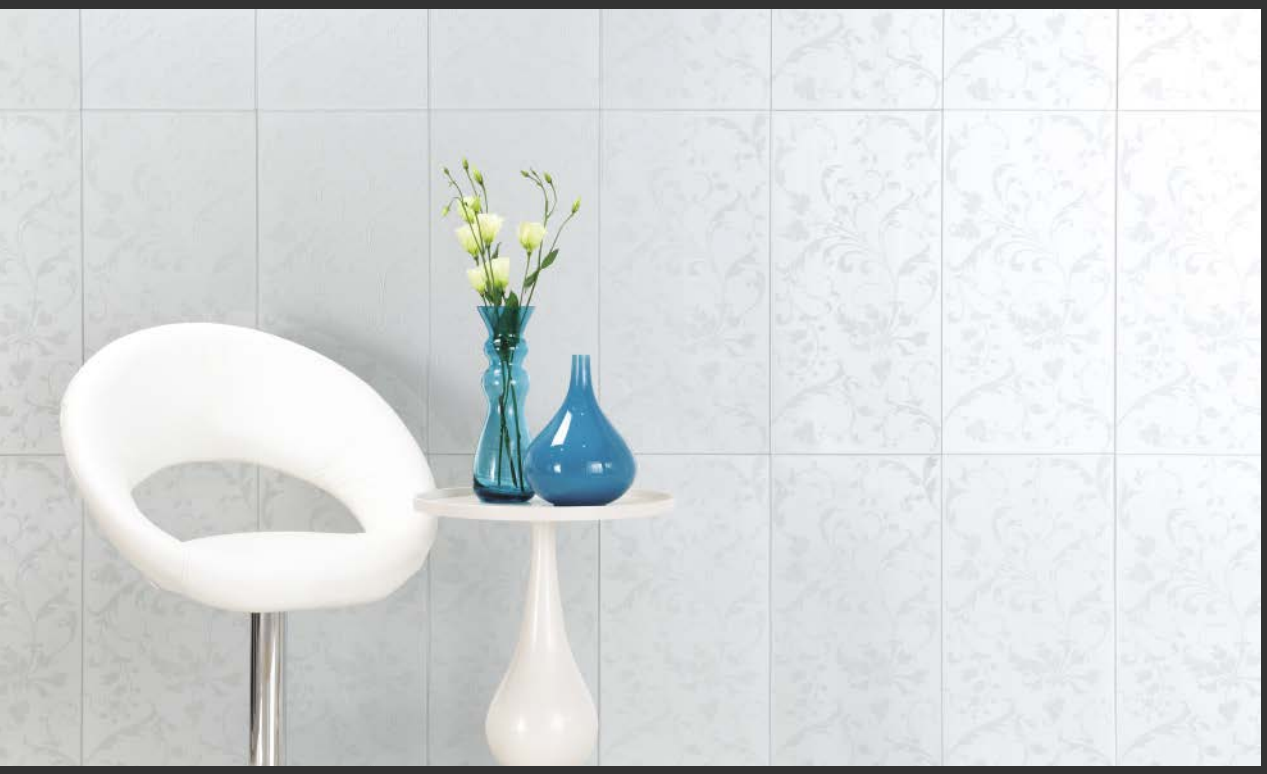
Silver Crest GW-SCR6030 shown with Fantasy Black and Illusion White polished tiles from the Tileworks Collection

Beauville Black Negative GW-BFB6030N

Beauville Silver GW-BFS6030P

The power of flowers

Graceful floral patterns are entwined across these tiles, whether they are placed horizontally or vertically. Clever use of lighting will bring out their shiny and satin features. Beauville is available in Black Positive, Black Negative and Silver. See page 29 for more details.



Beauville Silver GW-BFS6030P

Beauville Black Negative GW-BFB6030N

Arabia GW-ABA6030

Gold treasures

Choose from scrolling leaves etched onto a rich golden background (Honfleur Gold, right) and Arabia's random textured effect (above).

Honfleur Gold GW-HGL6030

Aurora Borealis Silver GW-SRB6030 shown
with Bastille field tiles from the Winchester Residence Collection.

Aurora Borealis Dark Silver GW-DSR6030

Hi ho silver

You can create amazing effects with these shimmering silver tiles, such as combining with strong colours for a bold statement bathroom (left).

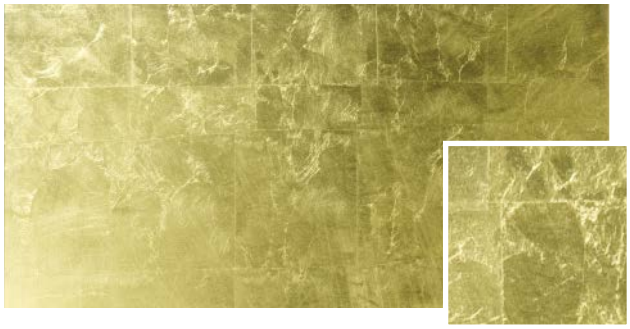
Elevate your style with a confident expanse of glass

It's also a practical solution for a wall covering, as it's quick and easy to keep clean and looking good.

Solstice GW-SOL6030 shown with Sands Santa Monica Off White Porcelain floor tiles from the Tileworks Collection

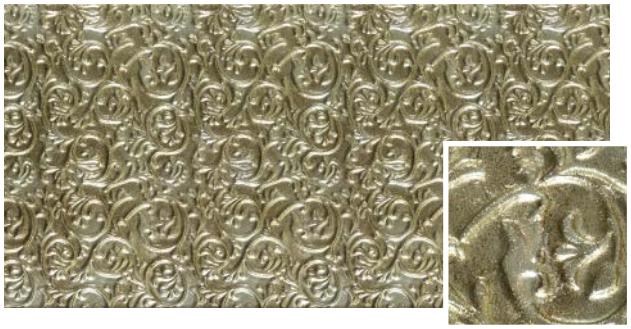
Honfleur Gold

GW-HGL6030
600 x 300 x 8mm (11¹³⁄₁₆" x 23⅝" x 5⁄16")
A scrolling leafy pattern, seemingly etched onto a gold background



Cleopatra

GW-CLE6030
600 x 300 x 9mm (11¹³⁄₁₆" x 23⅝" x 5⁄16")
Incorporates the thinnest layer of real gold foil beneath the glass



Amun-Ra

GW-AMR6030
600 x 300 x 9mm (11¹³⁄₁₆" x 23⅝" x 5⁄16")
Intricate entwining patterns that look like ancient designs, in gold

Gold Leaf

GW-GLF6030
600 x 300 x 9mm (11¹³⁄₁₆" x 23⅝" x 5⁄16")
A bright and glossy beaten gold effect to add a touch of glamour

Tutankhamun

GW-TUT6030
600 x 300 x 9mm (11¹³⁄₁₆" x 23⅝" x 5⁄16")
Intricate entwining patterns that look like ancient designs, in wrought metal

Gold Leaf Bold

GW-GFBLP6030
600 x 300 x 8mm (11¹³⁄₁₆" x 23⅝" x 5⁄16")
Incorporates a thin gold leaf effect foil with a pronounced texture

Pharaoh

GW-PHR6030
600 x 300 x 9mm (11¹³⁄₁₆" x 23⅝" x 5⁄16")
Intricate entwining patterns that look like ancient designs, in silver

Tiles with a painted backing
Carreaux avec support peint
Fliesen mit gemalter Rückseite
Tegels met een geverfde achterzijde
Плитки с окрашенной обратной стороной

Gold Leaf GW-GLF6030

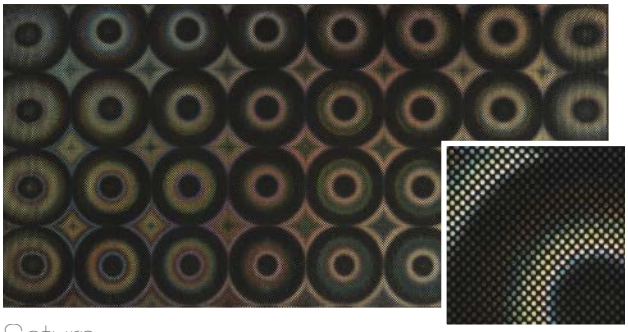
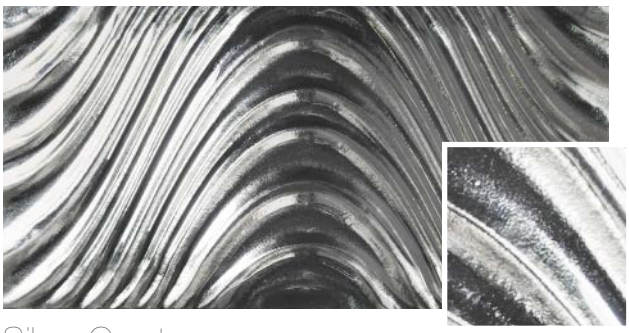
Graphite Wave

GW-GRP6020
600 x 200 x 9mm (7⅞” x 23⅝” x ⅜”)
A textured wave effect in dramatic black



Saturn

GW-STN6030
600 x 300 x 9mm (11¹³⁄₁₆” x 23⅝” x ⅜”)
A colourful and complex geometric design

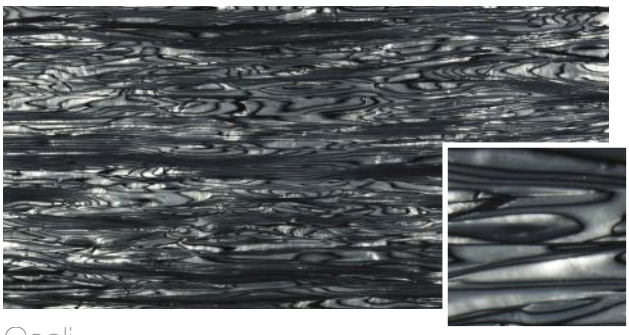


Silver Crest

GW-SCR6030
600 x 300 x 8mm (11¹³⁄₁₆” x 23⅝” x ⁵⁄₁₆”)
An undulating silver wave to create a repeating pattern

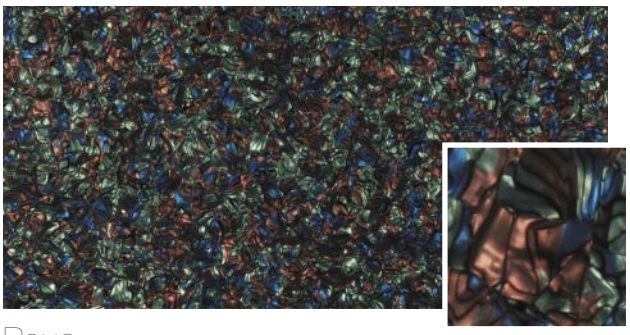
Solstice

GW-SOL6030
600 x 300 x 9mm (11¹³⁄₁₆” x 23⅝” x ⅜”)
Look closely to see a galaxy of stars in a dark night sky



Caeli

GW-CAE6030
600 x 300 x 9mm (11¹³⁄₁₆” x 23⅝” x ⅜”)
Similar to Aduro, but with mysterious undertones in grey and black



Paua

GW-PAU6030
600 x 300 x 9mm (11¹³⁄₁₆” x 23⅝” x ⅜”)
All the vibrant colours of abalone shells

Tiles with a vinyl backing
Carrelages avec revetement décoratif
Fliesen mit laminiertem Kern
Tegels met een plastic tussenlaag
Плитки с виниловым покрытием

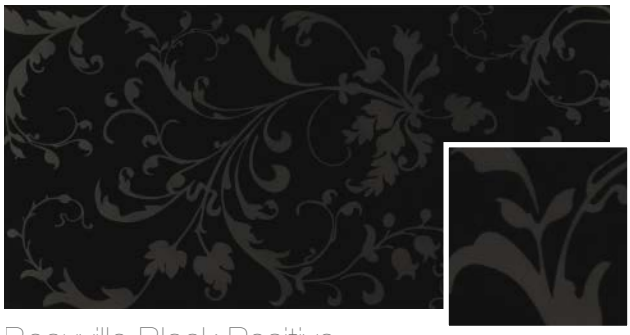
Arabia

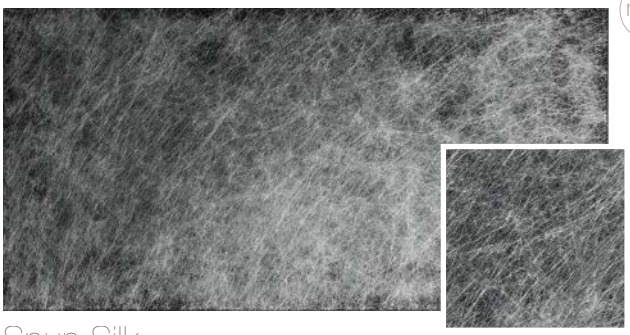
GW-ABA6030
600 x 300 x 8mm (11¹³⁄₁₆" x 23⅝" x ⁵⁄₁₆")
An undulating surface for added interest
Matching mosaic bricks are also available see page 56



Beauville Black Positive

GW-BFB6030P
600 x 300 x 6mm (11¹³⁄₁₆" x 23⅝" x ¼")
Elegant black satin tendrils in a repeating pattern, on black gloss

new!

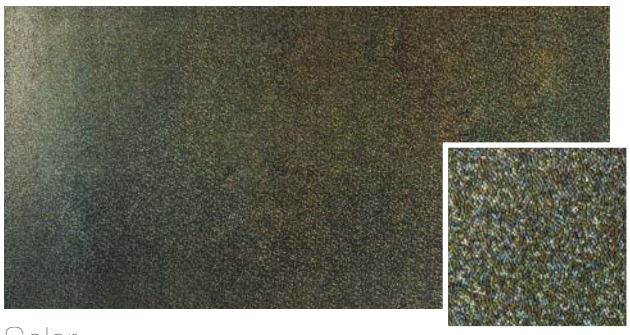


Spun Silk

GW-WWSLV6030
600 x 300 x 8mm (11¹³⁄₁₆" x 23⅝" x ⁵⁄₁₆")
A complex network silk-like threads on a black background

Beauville Black Negative

GW-BFB6030N
600 x 300 x 6mm (11¹³⁄₁₆" x 23⅝" x ¼")
Elegant black gloss tendrils in a repeating pattern, on black satin



Solar

GW-SLR6030
600 x 300 x 9mm (11¹³⁄₁₆" x 23⅝" x ⅜")
A tile with a soft glitter and glints of iridescence

Beauville Silver

GW-BFS6030P
600 x 300 x 6mm (11¹³⁄₁₆" x 23⅝" x ¼")
Elegant silver satin tendrils in a repeating pattern, on silver gloss

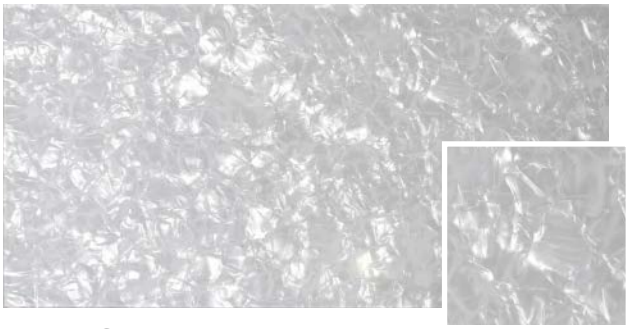
WALL

These tiles and mosaics are painted by hand and so each individual tile will be unique.
Ces carreaux et mosaïques sont peints à la main ; de ce fait chaque carreau sera unique.
ie Rückseiten dieser Fliesen und Mosaike sind handbemalt und jede Fliese ist einzigartig.
Doordat de achterkant van deze glazen tegels en mozaieken met de hand geschilderd zijn, is iedere tegel uniek.
Обратная сторона этой плитки раскрашена вручную и поэтому каждая индивидуальная плитка уникальна.

Arabia GW-ABA6030

Aduro

GW-ADR6030
600 x 300 x 9mm (11¹³⁄₁₆" x 23⅝" x ⅜")
Lustrous, pearly effects that shimmer and attract the light



Arctic Crushed Pearl

GW-ACP6030
600 x 300 x 8mm (11¹³⁄₁₆" x 23⅝" x ⁵⁄₁₆")
Ice white crushed pearl effect, encapsulated in a sheet of glass

Tiles with a vinyl backing
Carrelages avec revetement décoratif
Fliesen mit laminiertem Kern
Tegels met een plastic tussenlaag
Плитки с виниловым покрытием

Aduro GW-ADR6030
Crushed Pearl GW-CPL6030
Arctic Crushed Pearl GW-ACP6030

Crushed Pearl

GW-CPL6030
600 x 300 x 9mm (11¹³⁄₁₆" x 23⅝" x ⅜")
The appearance of crushed pearls, encapsulated in a sheet of glass

Please note, because of their size, these tiles are not in proportion to reference images of tiles in other sections.
Merci de noter qu'en raison de leur taille ces carreaux ne sont pas en proportion avec les autres images dans les autres sections.
Es ist zu merken, daß diese Fliesen in keinem Verhältniss zu der Abbildungen von Fliesen in anderer Ausschnitten stehen.

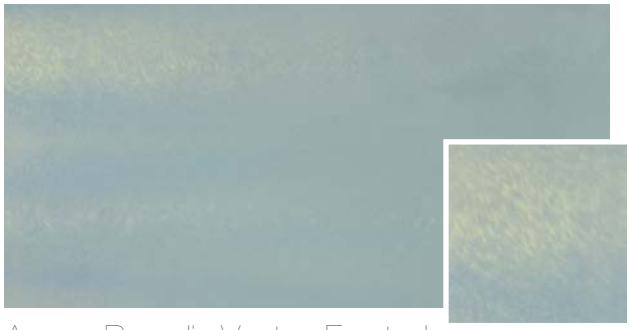
Aurora Borealis Aura Frosted

GW-AUR6030F
600 x 300 x 6mm (11¹³⁄₁₆" x 23⅝" x ¼")
Ever changing pink spectrum rainbow colours, with a frosted finish

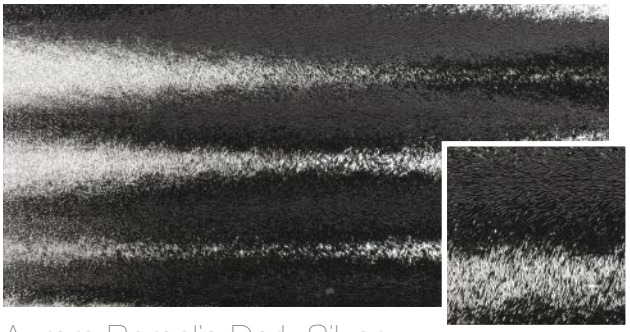
Aurora Borealis Silver

GW-SRB6030
600 x 300 x 6mm (23⅝" x 11¹³⁄₁₆" X ¼")
Shimmering silver effects, with a gloss finish



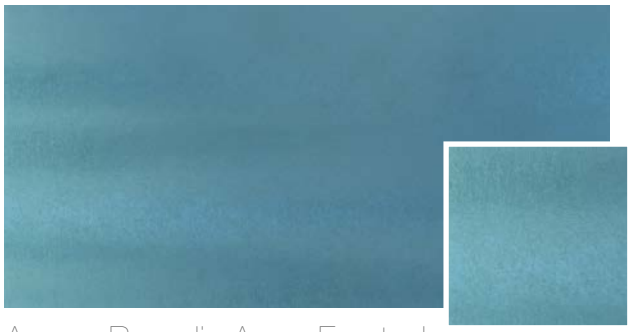
Aurora Borealis Ventus Frosted

GW-VEN6030F
600 x 300 x 6mm (11¹³⁄₁₆" x 23⅝" x ¼")
Ever changing blue spectrum rainbow colours, with a frosted finish



Aurora Borealis Dark Silver

GW-DSR6030
600 x 300 x 6mm (11¹³⁄₁₆" x 23⅝" x ¼")
Shimmering dark silver effects, with a gloss finish



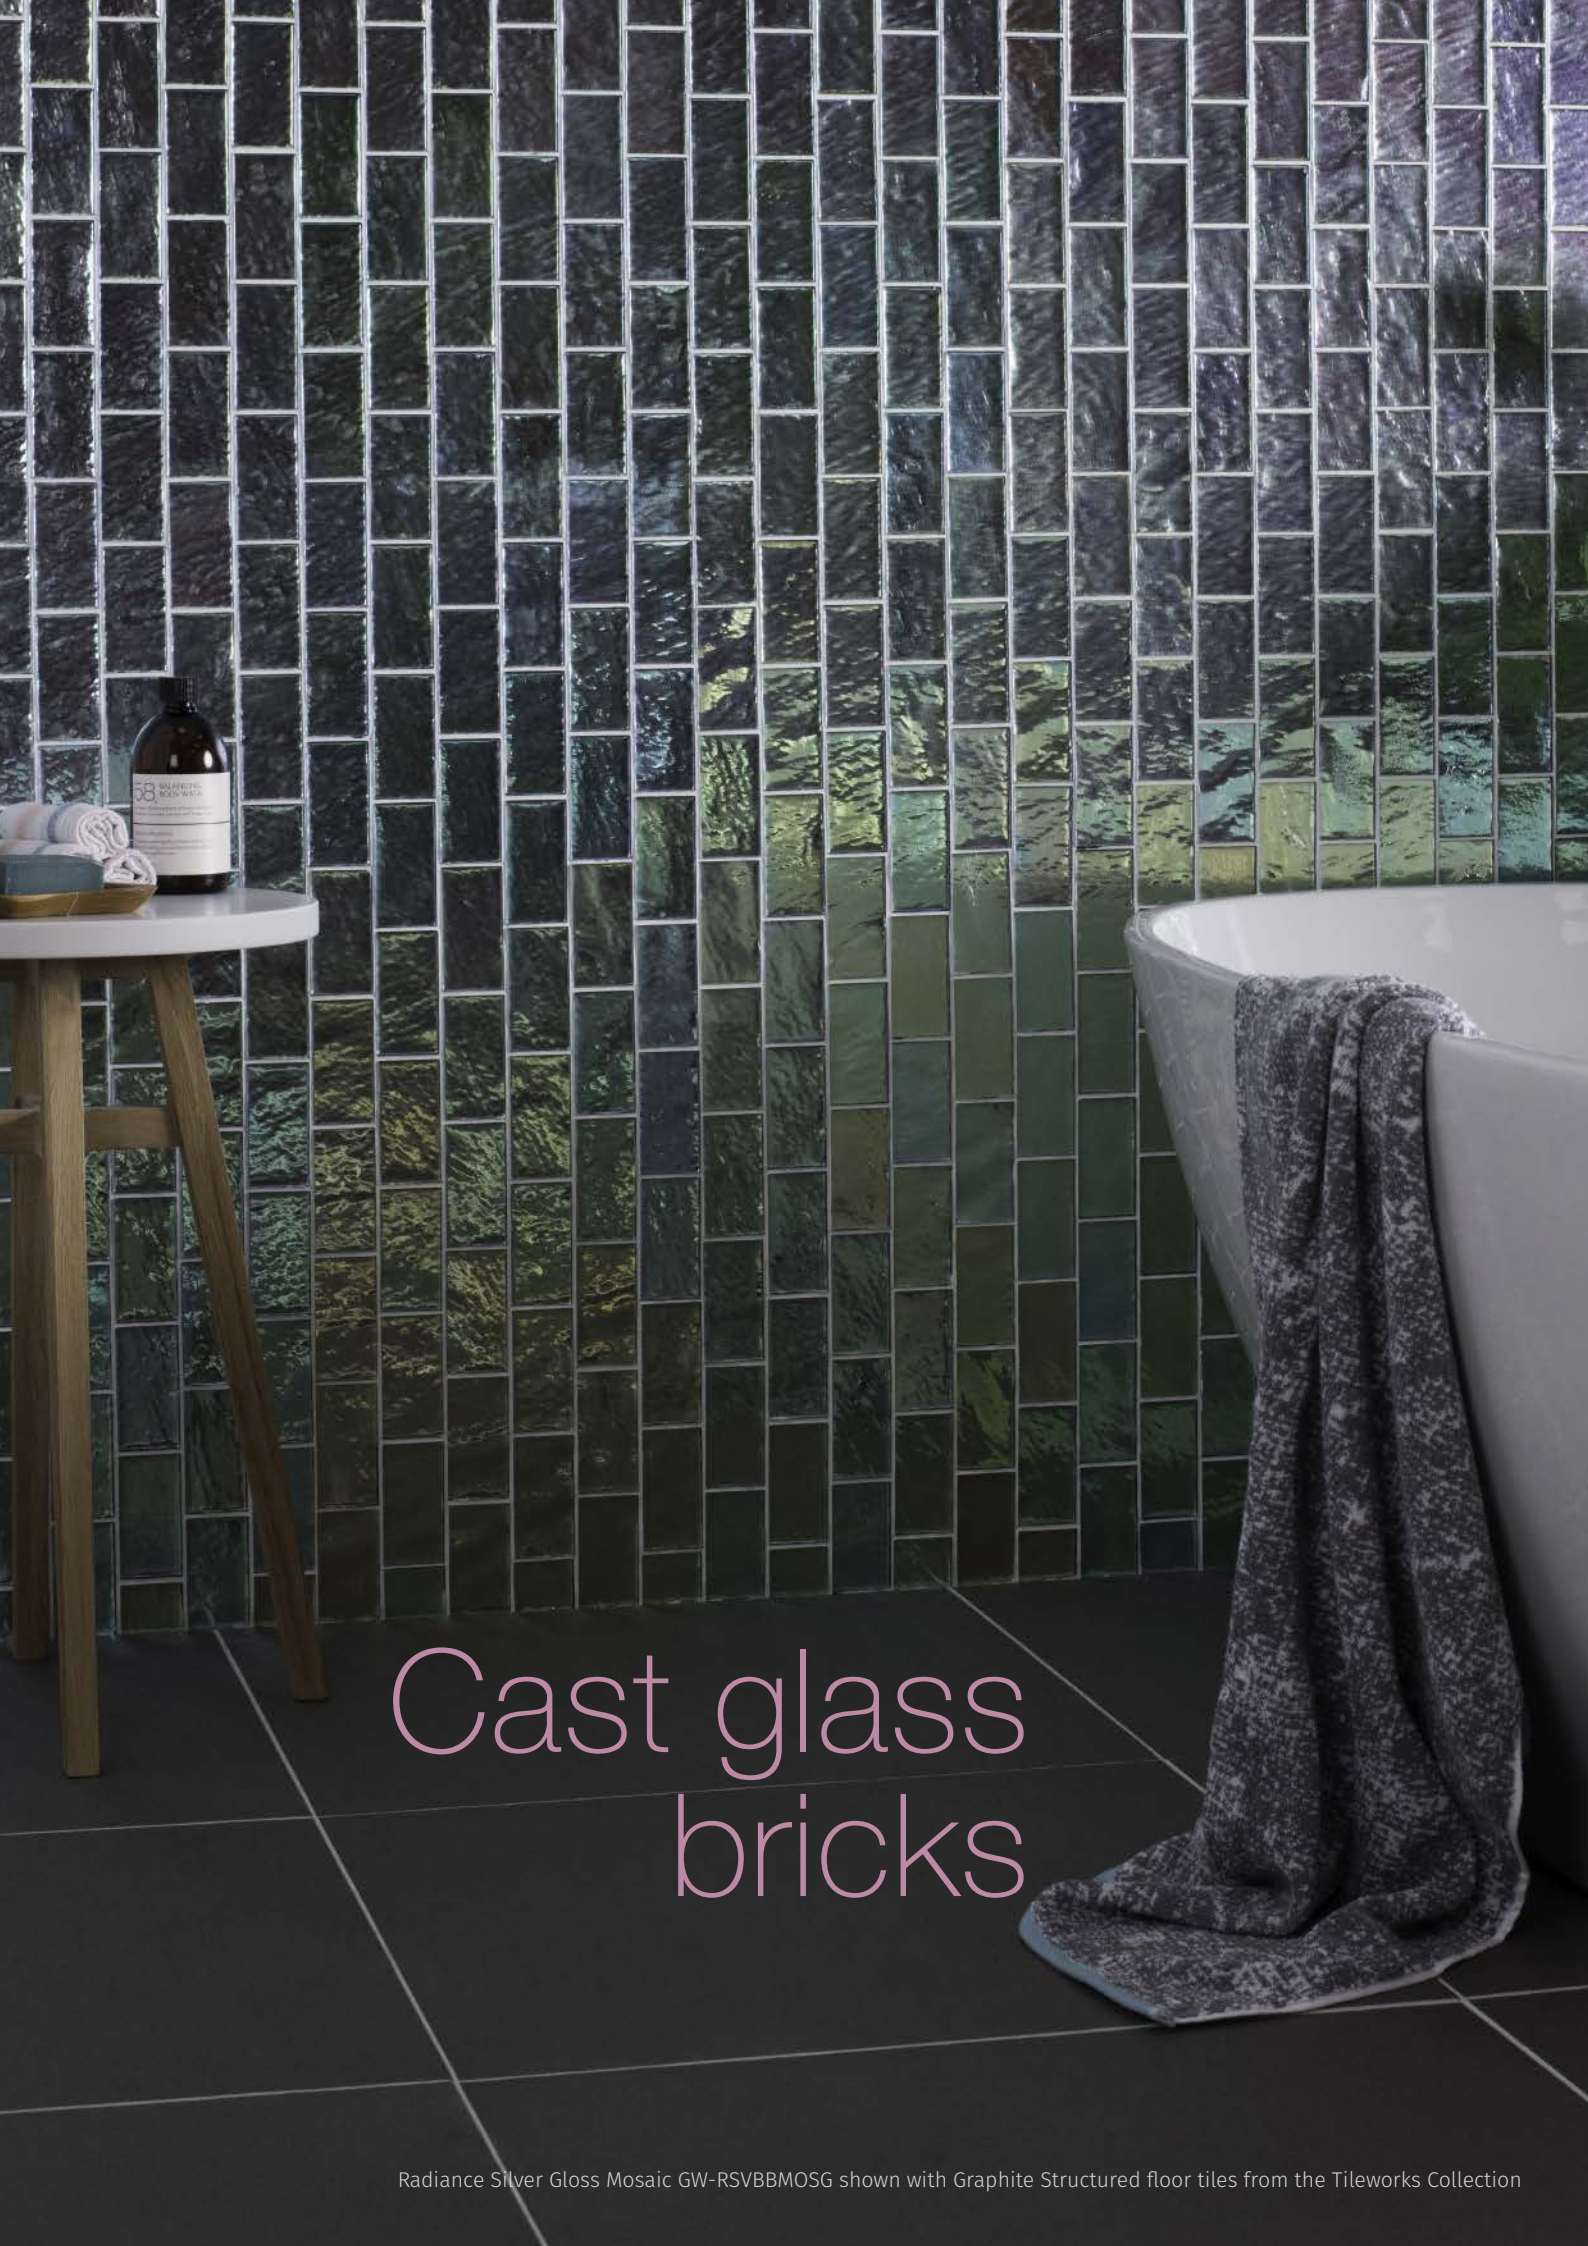
Aurora Borealis Aqua Frosted

GW-AQA6030F
600 x 300 x 6mm (11¹³⁄₁₆" x 23⅝" x ¼")
Ever changing green - blue spectrum rainbow colours, with a frosted finish

Tiles with a painted backing
Carreaux avec support peint
Fliesen mit gemalter Rückseite
Tegels met een geverfde achterzijde
Плитки с окрашенной обратной стороной

Aurora Borealis Aura Frosted GW-AUR6030F
Aurora Borealis Silver GW-SRB6030
Aurora Borealis Ventus Frosted GW-VEN6030F
Aurora Borealis Dark Silver
Aurora Borealis Aqua Frosted GW-AQA6030F

Because of the way they are made, every Aurora Borealis tile is unique. When they are placed together the patterns will not necessarily match each other but the overall effect will be stunning.



Cast glass bricks

Radiance Silver Gloss Mosaic GW-RSVBBMOSG shown with Graphite Structured floor tiles from the Tileworks Collection

Radiance Pearl Frost GW-RPR2008F and Pink Frost GW-RPK2008F

Light fantastic

Radiance brick tiles and mosaics positively glow in certain lights.
Don't take our word for it, you'll have to see this range of Gloss and Frost for yourself to appreciate the full effect. Turn to pages 34-35 for all the colours and finishes available.

These polished and frosted bricks and mosaics are made by heating glass until it is a liquid, which is then poured into moulds. The resulting pieces are undulating, so the surfaces seem to change under different light conditions. This is enhanced by a reflective coloured backing which gives Radiance their unique glowing appearance. They are made from 80 per cent recycled glass.

Radiance

Eclipse Dione GW-DIN2276S

Eclipse Despina GW-DES2276S

Colour depth

Like the Radiance range (see page 34) Eclipse bricks are cast glass, which means that they are made from molten glass poured into casts or moulds. The frosted undulating surface takes on a different character dependant on light conditions. The deep colours result from a reflective coloured backing. They are made from 80 per cent recycled glass.

Metallic and
sparkling

Triton GW-TRT610SFT

Dionysus GW-DIO3010C shown with
Purity shell mosaics from the Mosaics Collection

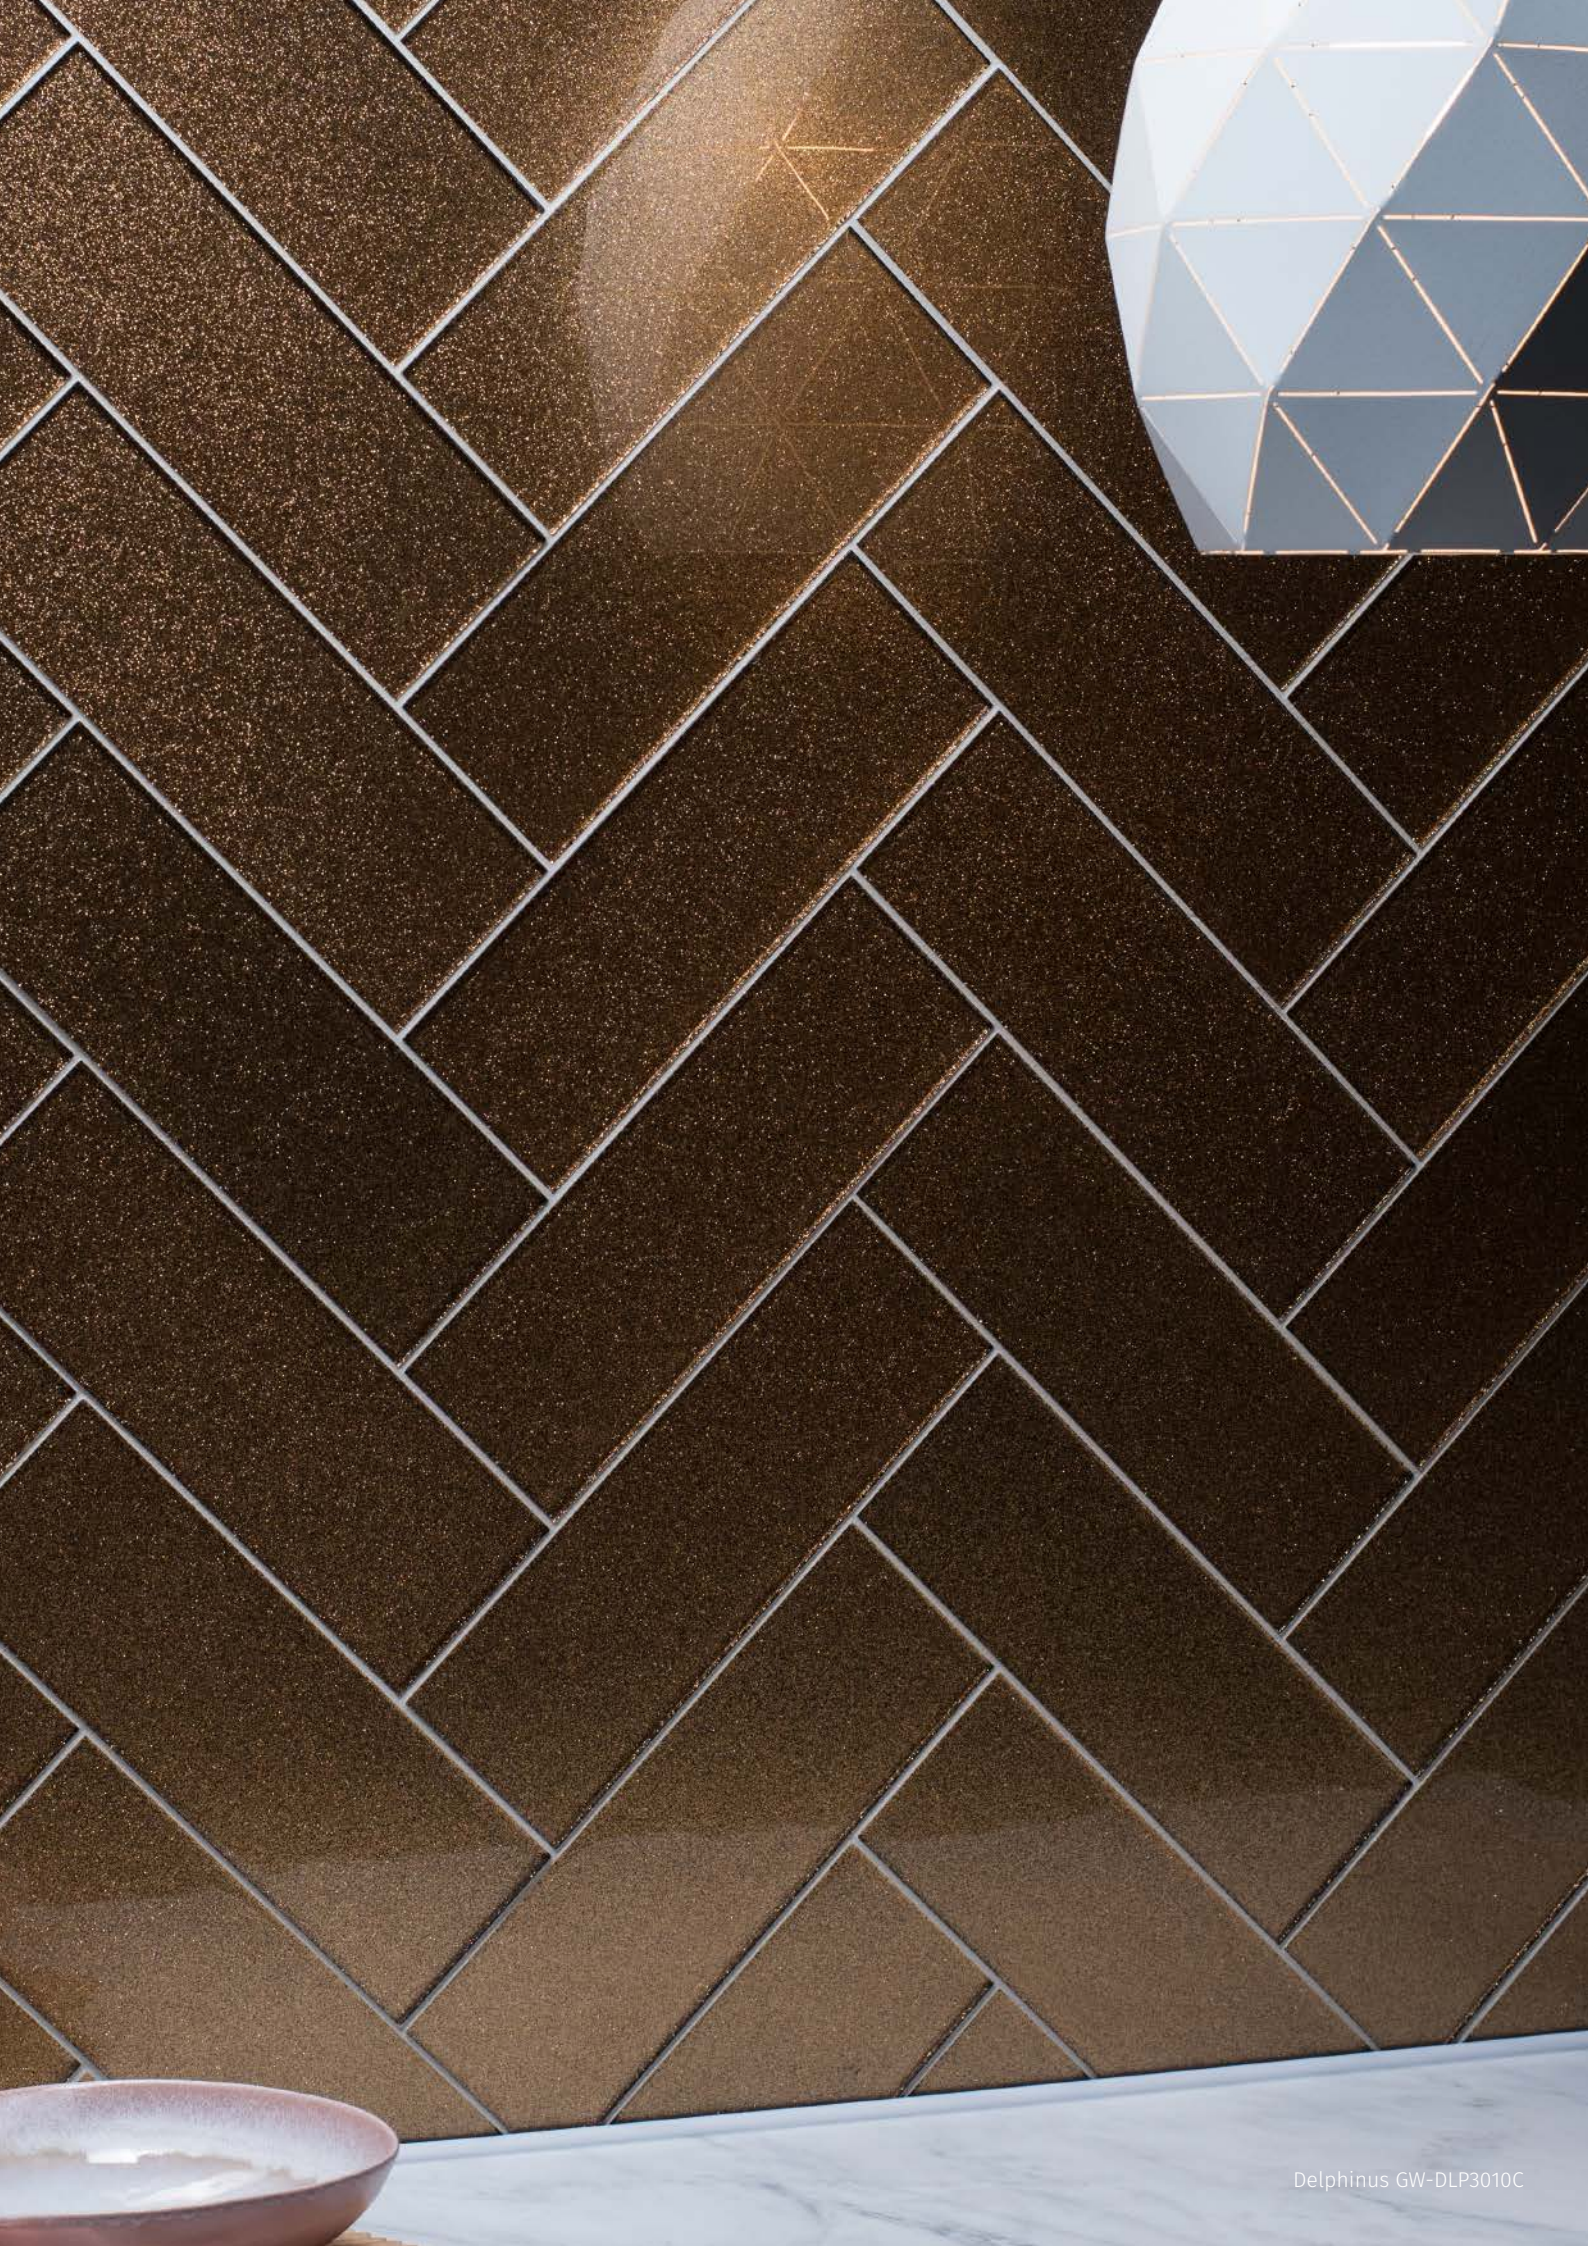
Beautiful blends

The Metallica tiles come in eight colours, which range from the silver of Triton to the deep charcoal of Hermes. See the colours on page 54, and a list of formats on page 88.

Starcia GW-SC11575CM

Harmony and style

Combine both with metallics or a hint of sparkle. Brighten up your mornings or add sophistication to a bathroom with a sultry gleam. Tiles, bricks and splashbacks are not just for kitchens and bathrooms either – they can be used to link colour and texture from room to room.



Delphinus GW-DLP3010C

Triton GW-TRT3010C and Avon GW-AVO3010C

Erebos GW-ERB1575CM

Shine on

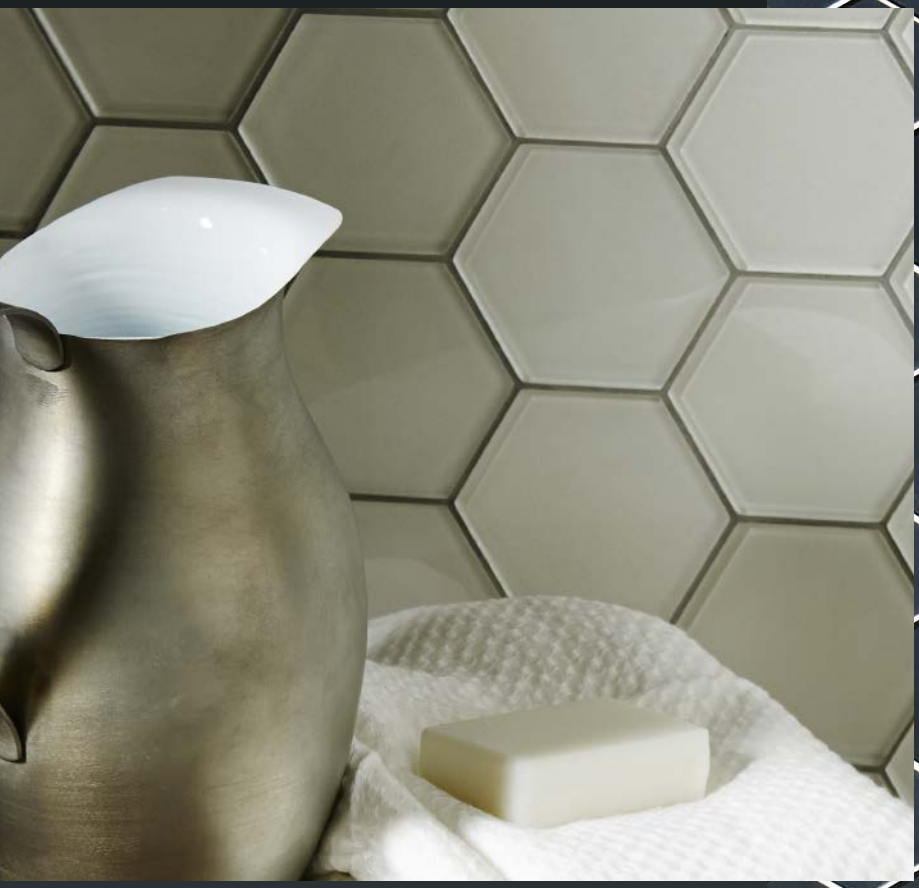
Metallics work really well in both bathrooms and kitchens. The brick format is very versatile, so why not experiment with different tile layouts to ring the changes?

See pages 88-89 for all the colours available.

Burnished beauty

Bold textures and a mix of burnished metallic hues from dark to bright, in a versatile brick mosaic in three colour options.

Siva Mosaic GW-SIVMOS



Solinda Hexagon Mosaic GW-SONHEXMOS

Natural living

The hexagon – invented by nature and also looking very much at home on walls. Get on-trend with this honeycomb shaped mosaic which comes in five metallic colours.
See page 57 for textured Hexagon options.

7 tiles per sheet (with 1mm grout gap)
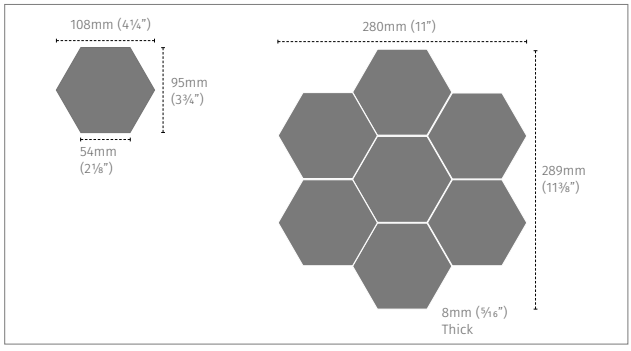
Croc effect in a mix of grey tones



These tiles and mosaics are painted by hand and so each individual tile will be unique.
Ces carreaux et mosaïques sont peints à la main ; de ce fait chaque carreau sera unique.
ie Rückseiten dieser Fliesen und Mosaike sind handbemalt und jede Fliese ist einzigartig.
Doordat de achterkant van deze glazen tegels en mozaieken met de hand geschilderd zijn, is iedere tegel uniek.
Обратная сторона этой плитки раскрашена вручную и поэтому каждая индивидуальная плитка уникальна.

Perfume Splashback GW-PFM2406C

Big is beautiful

Our large panel Splashbacks are made from heat-resistant toughened glass, which is perfectly safe for use behind cooking hobs (close to sources of heat), but there's no need to stop there. You can enjoy the translucent beauty of this versatile material on interior walls such as kitchens, dining areas, living rooms and bathrooms throughout your home – and it is tough enough for commercial wall settings as well. Splashbacks are quick and simple to install, and it's easy to keep them sparkling clean and beautifully shiny.

elegant style for

Areas of glossy colour in

Take colour co-ordination to another level, and install splashbacks in a bedroom and its en-suite bathroom. Use similar colours throughout to create a cool and relaxing zone. Achieve a stylish, modern look by placing glass alongside materials with matt surfaces such as slate and wood.

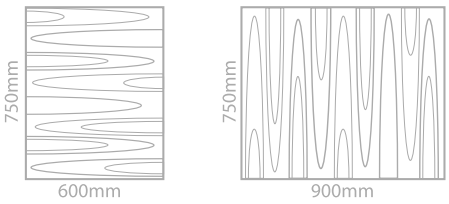
Aurora Borealis Splashback Patterns



Because of the way they are made, every Aurora Borealis tile is unique. When they are placed together the patterns will not necessarily match each other but the overall effect will be stunning.

*NB Splashbacks must NOT be cut. Please see Important Information section.

*NB Les Splashbacks ne doivent JAMAIS être découpés. Veuillez vous reporter aux Informations Essentielles.

*Hinweis: Splashbacks dürfen NICHT geschnitten werden. Bitte lesen Sie den Abschnitt "Wichtige Informationen".

*Let op: Splashbacks mogen NIET gesneden worden. Raadpleeg alstublieft onze Belangrijke Informatie.

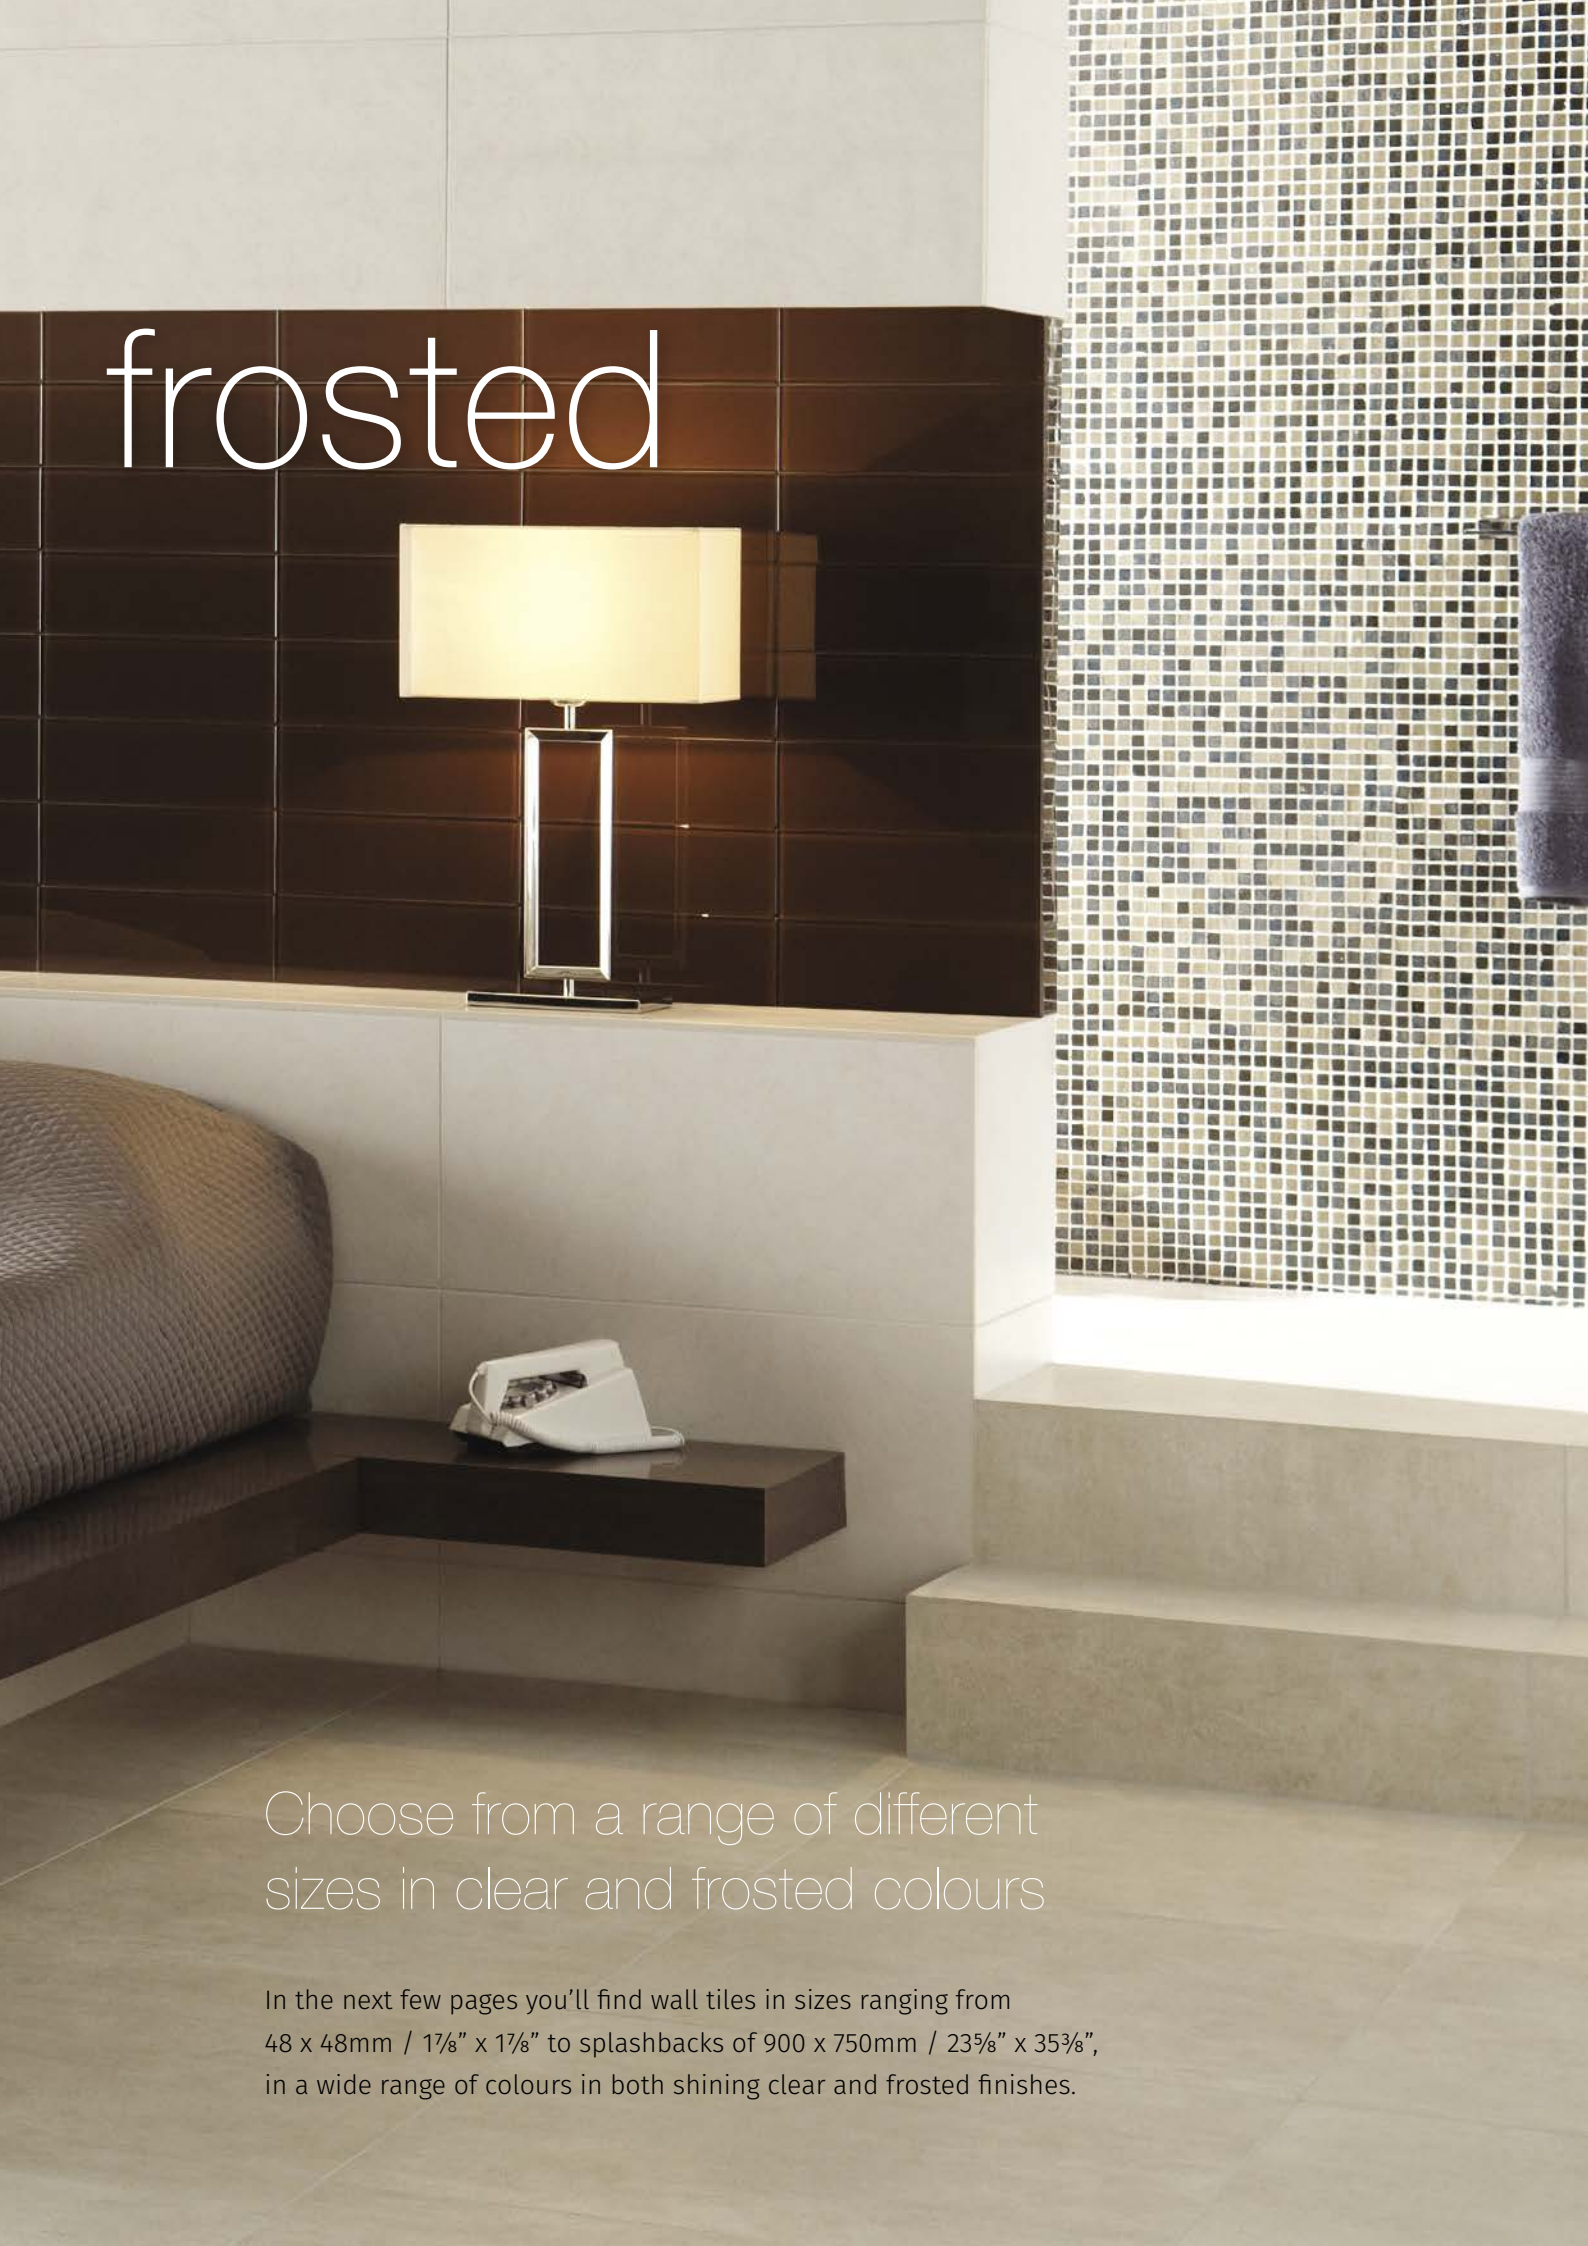
*NB Splashbacks нельзя резать! См. Раздел «Важная информация».

Zinc

Clear &

Glass is beautiful — and also practical, making it a perfect material for many different locations. Be inspired by these settings: there's no reason not to use glass tiles in a bedroom, hallway, living room or dining area. They are easy to keep clean and glass always stays looking good. With the range of sizes and colours available you will be spoilt for choice. You can coordinate them with mosaics, stone and porcelain too.

Chenab Clear GW-CHB3010C shown with Shadow Ice porcelain tiles on the wall behind the bed and Broadway Lime Porcelain floor tiles, both from the Tileworks Collection, and in the en suite, Cascade Silk mosaics from the Mosaics Collection



frosted

Choose from a range of different sizes in clear and frosted colours

In the next few pages you'll find wall tiles in sizes ranging from 48 x 48mm / 1⅞" x 1⅞" to splashbacks of 900 x 750mm / 23⅝" x 35⅜", in a wide range of colours in both shining clear and frosted finishes.

Be brave and
experiment with
different sizes and
colours to achieve
the look you desire

Avon GW-AV01636C with Mineral Off White Structured Porcelain floor tiles from the Tileworks Collection

Mekong GW-MEK6030C with Mineral Grafite Polished porcelain floor tiles from the Tileworks Collection

Avon clear tiles (398 x 80mm / 3⅛" X 15¾") have been placed horizontally for a modern style with clean lines in the image shown left. Large format tiles in Mekong red (see above) have been combined with black and grey. Red is often used by interior designers for dining rooms (in homes, restaurants and pubs) as it promotes feelings of energy and warmth, encourages people to be sociable and even stimulates the appetite!

Add another dimension to your walls with a bevel

Bevelled tiles (shown right) provide extra surfaces for light and reflection to come into play and look beautiful wherever they are placed. We have bevel tiles and finishing half tiles in 11 clear colours and four metallic/ sparkling colours for you to choose from.

Living spaces can look stunning with a glossy, reflective expanse of colour as a feature wall (below). Here we've used Splashbacks for maximum coverage, with upstands running along the lower edge as a skirting.

Ebro Splashback GW-EBO3606C and Upstand GW-EBO10014C

NOTE: Bevel tiles can be used in a brickbond pattern as shown here, and there is also a half size bevel tile to ensure neat edges and minimal cutting.
Turn to page 52 to see bevel tiles installed in straight lines,
and see pages 90-91 for the colours available.

Ebro Bevelled GW-EBO2010B

Colorado GW-COR6030C

Colorado Bevelled GW-COR2010B

Clean lines and clever colours for your kitchen

Choosing the right tiles for your kitchen is like selecting ingredients for the perfect recipe – get all the components right and you'll get an amazing end result.

Arctic Frosted GW-ART410F

For the opposite of shiny or to lend softness to a surface, the tactile qualities of tiles with a frosted finish are perfect.

They come in two sizes (100 x 100mm / 4" x 4" and 398 x 80mm / 3⅛" x 15¾") and in colours that co-ordinate and contrast with most of the tiles with a clear finish.

Turn the page for more information on all the colours and sizes available in both Clear and Frosted formats.

*Please note that the textured finish behind the glass of these tiles (codes 'SFT') is smoother than that of the Metallica tiles with codes 'MFT'.
*Veuillez noter que ces carreaux (code article suffixe SFT) ont une finition plus lisse par rapport aux carreaux précisés par le code article suffixe MFT.
*Anmerkung: Fliesen deren Artikelnummer in „SFT" endet haben eine glattere Beschichtung als die Fliesen mit der Artikelnummer „MFT".
*De getextureerde en gekleurde sublaag achter het glas van deze tegels (codes'SFT') is gladder dan die van de Metallica tegels met codes 'MFT'.
*Обратите внимание, что текстурированная отделка под стеклом данной плитки (с кодом SFT) более гладкая, чем у плитки Metallica с кодом MFT.

*All of the above dimensions are subject to a tolerance of ± 2.5mm or 3/32". Quantities shown exclude grout gaps between each tile. Please allow an additional 5% for cutting/wastage.
*Remarque : Toutes les dimensions précédentes sont sujettes à une tolérance de ± 2,5 mm. Les quantités démontrées n'incluent pas les joints entre les carreaux. Nous vous recommandons de prévoir au moins 5% supplémentaires pour les chutes.
*Beachten Sie bitte: Alle oben genannten Abmessungen können Abweichungen von ± 2.5mm aufweisen. Angegebene Mengen schliessen die Fugen zwischen jeder Fliese aus. Es empfiehlt sich, mindestens 5% material für etwaiger Bruch einzuplanen.
*Voor alle afmetingen geldt een tolerantiewaarde van ± 2.5mm. Voeg openingen tussen tegels zijn niet meegerekend in de aangegeven hoeveelheden. Houd rekening met vijf procent snijverlies.
*Все размеры выше указаны с погрешностью ±2,5 мм. В указанном количестве не учтены зазоры между плитками. Прибавьте допуск на отходы в размере 5%.

DIMENSIONS
Nominal dimensions for all Original Style Glassworks tiles are shown throughout the brochure. Actual dimensions for individual tiles may vary from these figures. We recommend you allow for at least an additional 5% for cutting/wastage.

DIMENSIONS
Les dimensions nominales de tous les carreaux Glassworks sont indiquées au fil de la brochure. En raison de la méthode de fabrication les dimensions réelles de chaque carreau peuvent être légèrement différentes des chiffres indiqués donc nous vous recommandons de prévoir au moins 5 % supplémentaires pour les découpes/chutes.

ABMESSUNGEN
Die Abmessungen aller Original Style Glassworks Fliesen in dieser Broschüre sind Nennwerten. Die tatsächlichen Abmessungen einzelner Fliesen können von diesen Werten abweichen. Es empfiehlt es sich, mindestens 5% mehr Material für etwaigen Bruch oder falschen Zuschnitt einzuplanen.

AFMETINGEN
De nominale afmetingen voor alle Original Style Glassworks tegels staan vermeld in de brochure. De werkelijke afmetingen kunnen afwijken van deze cijfers. We raden dat u minstens 5% toevoegtaan uw bestelling voor snijverlies.

РАЗМЕРЫ
Номинальные размеры всей плитки Original Style Glassworks указаны в брошюре. Реальные размеры каждой плитки могут отличаться от указанных. Мы рекомендуем учитывать допуск на отходы не менее 5%.

suitability

	Dry walls only Murs secs uniquement Nur für Trockenwände Alleen droge wanden Для стен только в сухих средах

important information

SUITABILITY
Most glassworks tiles and splashbacks are suitable for internal walls in both wet and dry areas, in residential and commercial applications – please see suitability symbols for individual products.

They are not suitable for:
• worktops, as they are susceptible to scratching.
• floors
• external use
• installation in submerged conditions such as swimming pools or fish tanks
• installation over substrates that are subject to movement such as wood or fibreglass
• fire place recesses and wood burner surrounds

If installed in direct sunlight the colours may fade.

SHADING
As each tile is individually coloured, there may be distinctive yet subtle variations in shade, especially between batches. This is an inherent feature of Original Style tiles. You may wish, therefore, to spend some time to achieve the most pleasing distribution of shades before fixing. When planning designs it is important to dry lay the tiles prior to fixing. This is particularly relevant regarding Metallica tiles. We recommend that you buy all the tiles you need for your project at one time. Decorative tiles are made individually and therefore unique. Because of the way they are made, Aurora Borealis tiles have distinct differences between them, and if they are placed together they may not match or line up with each other, however the overall effect will be stunning. Tiles, mosaics and splashbacks of the same colour but with a different thickness may vary in tone.

There may also be shade variations with Champagne and Zinc splashbacks and tiles.
The backs of these tiles and mosaics are painted by hand and so each individual tile will be unique: Arabia, Arabia Mosaic, Ammon Mosaic, Siva Mosaic

ARCTIC WHITE TILES
Please be aware that the Arctic White colour is achieved by using an optical clear glass. When two tiles of different length are placed side by side the amount of light passing through the tile can affect the colour. This effect is caused by refraction, prismatic effect or chromatic aberration. We recommend that any voids (e.g. corners) are fully filled before tiling to avoid this or other shadowing effects. The glass should also be cut using a suitable glass cutting electric tile saw with a glass cutting blade, with any uneven edges filed away with a suitable glass file. NB Arctic White splashbacks must NOT be cut.

SPLASHBACKS
Care must be taken when handling all splashbacks before and during installation. Most of Original Style Glassworks splashbacks have been tested to British Standards BS EN 12150. These splashbacks have been made from toughened (also known as tempered) glass, which is a type of safety glass. Toughened glass should receive the same care as annealed (ordinary) glass. Careless handling and improper installation sometimes causes edge damage, and delayed breakage can occur when edge-damaged tempered glass is subjected to mechanical stress, as in installation. Further, if cut, knocked or dropped, this material will produce instantaneous total fragmentation.

DO NOT under any circumstances attempt to cut or drill splashbacks as they will shatter.
However these Aurora Borealis splashbacks can be cut, as they not made from toughened glass. However they should be handled and treated in exactly the same way as those made from toughened glass:

GW-AQA2406C, GW-AQA3606C Aurora Borealis Aqua
GW-AUR2406C, GW-AUR3606C Aurora Borealis Aura
GW-VEN2406C, GW-VEN3606C Aurora Borealis Ventu

The other glass tiles, including upstands, can be cut. An acceptable tile cutter is a Rubi DW250N with a CPC2 blade. Tiles may also be scribed and snapped using a Rubi TR tile cutter with a 18mm scoring wheel. Appropriate safety precautions must be taken when cutting glass.
Please refer to our Fixing Guide at www.originalstyle.com/guides

MIRROR FACET MOSAICS
The Mirror Facet mosaics (pages 62-65) may have sharp edges. Please take extra care during handling and installation.

INSTALLATION

Please visit www.originalstyle.com/fixing-guides/ to view our fixing guides and instructional videos on how to cut and install glass tiles.

Near Heat Sources
All Glassworks tiles including Splashbacks must be installed a minimum of 3cm (11/8") from any heat source. This will include any hot water pipework concealed within walls and any radiant heat sources such as hobs, heated towel rails or radiators. Hot pans must not come in direct contact with glass Splashbacks.

When fixing glass tiles in wet areas the walls must be fully waterproofed (tanked) prior to tiling.

We do not recommend using Glass Strip Borders on areas subject to movement, i.e. timber walls, as the substrate may cause glass strips to fracture.

Grouting
Always allow a 2-3mm grout gap.
Glass tiles must NEVER be butt jointed against one another as they could either crack or de-bond.

Please refer to the Fixing Guide at www.originalstyle.com/guides before commencing any installations as Original Style cannot accept responsibility for any faults after tiles have been fixed.

In the USA please follow the recommendations of reputable product manufacturers in conjunction with our Fixing Guide at www.originalstyle.com/guides and always comply with American National Standards Institution (ANSI) specifications as set out in the Handbook for Ceramic Tile Installation published by the Tile Council of America. OTHER ORIGINAL STYLE RANGES
Other Original Style products, such as mosaics, ceramic, porcelain and stone tiles, which are shown in this brochure, have their own installation requirements. Please ensure you refer to the relevant Original Style brochure and Fixing Guides at www.originalstyle.com for these products before installing.

PHOTOGRAPHY
Owing to variations in studio lighting and printing inks, the tile colours shown in this catalogue may differ slightly from those of the actual tiles. Before making your choice it is always advisable to ask your Original Style retailer to show you samples.

LIMITS OF LIABILITY
Original Style accepts no liability for the faulty installation of its products. In the case of any claim relating to the tiles themselves, Original Style's liability, to the extent permitted by law, is limited to either the replacement of the product or a refund of the cost of the product, and does not extend to cover any consequential loss. Claims must be reported within seven working days from receipt of the tiles. Tiles must be inspected prior to installation and claims cannot be considered after the tiles have been installed. Please be advised that installation constitutes acceptance of the quality, colour, size, texture and shade of the tiles. Original Style warrants that its tiles conform to their description and are fit for their purpose. Original Style makes no other express or implied warranty as to fitness or suitability of the products for particular installations. We extend no guarantees, express or implied, as to wear resistance or maintenance procedures. It is imperative to follow grout and adhesive manufacturers' instructions regarding their suitability with our products. If in doubt please consult the grout/adhesive stockist from whom you purchased the products. Original Style makes no representations as to the fitness for purpose of third party adhesives and grouts. Please note the use of certain acid based cleaning products may cause some of the tiles to react and change in character.

informations essentielles

USAGES
La plupart des carreaux Glassworks et Splashbacks conviennent aux murs internes de zones sèches et humides, dans des installations commerciales et domestiques – veuillez-vous référer aux symboles pour connaitre l'usage de chaque produit.

Ils ne conviennent pas pour :
• Les plans de travail car ils sont sensibles aux rayures,
• Les sols,
• Les usages extérieurs,
• L'installation dans des conditions immergées comme les piscines ou aquariums,
• L'installation sur des supports sujets au mouvement comme le bois ou la fibre de verre,
• Les niches de cheminée et autour des poêles à bois
Si les carreaux Glassworks sont installés à la lumière directe du soleil, les couleurs peuvent s'estomper.

TEINTES
Les carreaux de verre étant colorés individuellement, ils peuvent présenter des variations et nuances surtout entre « bains » différents. Il s'agit là d'un trait de caractère propre aux carreaux Glassworks et Serenity Original Style. Nous vous conseillons par conséquent de prendre le temps nécessaire pour distribuer les teintes de manière harmonieuse avant de coller vos carreaux. Ceci s'applique surtout aux carreaux Metallica donc il est préférable de commander tous vos carreaux en même temps. Les carreaux décoratifs sont tous fabriqués séparément, pour cette raison ils sont uniques. En raison de la méthode de production les Splashbacks et carreaux satinés « Aurora Borealis » présenteront des différences de carreau a carreau donc les marquages ne se marieront pas parfaitement, néanmoins l'effet final sera superbe. Les carreaux, mosaiques et Splashbacks de la meme couleur mais avec une épaisseur différente peuvent avoir une variation de teinte.

Il peut aussi y avoir des variations de teinte avec les carreaux et Spashbacks Champagne et Zinc. Le dos de ces carreaux et mosaiques sont peints à la main, ainsi chaque carreau sera unique : Arabia, Arabia Mosaic, Ammon Mosaic, Siva Mosaic.

CARREAUX Arctic WHITE
Il faut savoir qu'en raison de l'utilisation de verre transparent pour fabriquer les carreaux Arctic White si deux carreaux de longueur différents sont placés côte à côte la couleur peut paraitre légèrement différente selon la lumière qui les traverse. Cet effet est causé par la réfraction, effet prismatique ou aberration chromatique. Nous recommandons de remplir pleinement tous les vides (ex : angles) avant de poser les carreaux afin d'éviter tout effet d'ombre. Il faut aussi couper les carreaux à l'aide d'un coupe-carrelage adapté et limer les bords vifs avec une lime spécialement pour le verre. NB – Les Splashbacks Arctic White ne doivent pas être découpés.

SPLASHBACKS
Veuillez toujours manipuler les Splashbacks avec le plus grand soin, aussi bien avant que pendant leur installation. La plupart des Splashbacks d'Original Style ont été testés conformément à la norme britannique BS EN 12150. Ceux-la sont fabriqués en verre trempé, une variété de verre de sécurité. Le verre trempé doit être manipulé tout aussi soigneusement que le verre recuit (le verre ordinaire). Une manipulation peu soigneuse et une mauvaise installation peuvent endommager les bords, et les carreaux aux bords abîmés pourront finir par se briser lorsque le verre trempé est soumis à une tension mécanique, par exemple au cours de l'installation. De plus, ce matériau se fragmentera instantanément et totalement s'il est découpé, s'il tombe ou s'il reçoit un choc.

N'ESSAYEZ PAS, sous aucune circonstance, de découper ou de perforer un Splashback car il se brisera. Les Splashbacks Aurora Borealis ne sont pas en verre trempé et peuvent donc être découpés mais doivent tout de même être manipulés avec grand soin :

GW-AQA2406C, GW-AQA3606C Aurora Borealis Aqua
GW-AUR2406C, GW-AUR3606C Aurora Borealis Aura
GW-VEN2406C, GW-VEN3606C Aurora Borealis Ventus

Les autres carreaux de verre ainsi que les « upstands » peuvent être découpés. Un exemple de coupe-carrelage adapté est le Rubi DW250N avec un disque CPC2. Les carreaux peuvent aussi être coupés avec une coupeuse manuelle Rubi TR avec une molette de 18mm. Il est recommandé de prendre des précautions supplémentaires en découpant le verre. Merci de vous reporter au guide d'installation sur www.originalstyle.com/guides

MOSAIQUES MIRROR FACET
Les mosaiques Mirror Facet (pages 62-65) peuvent avoir les bords coupants. Veuillez donc les manipuler avec le plus grand soin durant l'installation.

INSTALLATION

Utilisation à proximité d'une source de chaleur
Original Style recommande d'installer tous carreaux en verre, les Splashbacks inclus, à au moins 3 cm des sources de chaleur. Sont incluses ici toutes les tuyauteries d'eau chaude dissimulées à l'intérieur des cloisons ainsi que toutes les sources de chaleur rayonnantes telles que les sèche-serviette ou les radiateurs. Les casseroles chaudes ne doivent pas entrer en contact direct avec les Splashbacks.

Si vous installez les carreaux en verre dans des zones humides, les murs doivent être imperméabilités avant de carreler.

Nous ne recommandons pas l'sage des Glass Strip Bordes sur des zones sujettes au mouvement, cad les murs et ossatures en bois, car le support pourrait causer la fissure des bandes de verre.

Joints
Nous recommandons un espace de 2-3mm pour les joints.
Les carreaux en verre de doivent JAMAIS carreler sans écart pour les joints car ils pourraient se fissurer ou se décoller.

Merci de vous reporter au guide d'installation sur www.originalstyle.com/guides avant de commencer l'installation de votre carrelage Original Style car nous ne pouvons accepter la responsabilité pour les défauts une fois l'installation faite.

AUTRES GAMMES ORIGINAL STYLE
L'installation des autres produits Original Style présentés dans la brochure, tels que les mosaiques , les carreaux en porcelaine, céramique et les pierres, nécessite des précautions différentes.
Veuillez-vous reporter à la brochure Original Style correspondante ou au guide d'installation sur www.originalstyle.com avant de procéder à l'installation.

PHOTOGRAPHIES
L'éclairage en studio et les encres utilisées pour l'impression peuvent affecter les couleurs des carreaux présentés dans ce catalogue. Avant de passer votre commande, il est toujours préférable de vous procurer des échantillons auprès d'un revendeur Original Style.

LIMITATION DE RESPONSABILITE
Original Style dégage toute responsabilité en cas d'installation incorrecte de ses produits. En cas de réclamation relative aux carreaux eux-mêmes, la responsabilité d'Original Style sera confinée, dans la limite autorisée par la loi, au remplacement du produit ou au remboursement du prix du produit, et ne couvre pas les dommages indirects. Toute réclamation doit être effectuée dans les sept jours suivant la réception des carreaux. Les carreaux doivent être inspectés avant installation. Aucune réclamation ne sera prise en compte une fois les carreaux installés. Notez que l'installation du carrelage constitue l'acceptation de la qualité, de la couleur, de la texture, de la taille et de la teinte des carreaux. Original Style garantit que ses carreaux sont conformes au descriptif fourni et qu'ils sont adaptés à l'usage pour lequel ils sont prévus. Original Style ne formule aucune garantie expresse ou implicite supplémentaire vis-à-vis de l'adéquation ou de la compatibilité de ses produits dans des installations spécifiques. Nous ne formulons aucune garantie, expresse ou implicite, vis-à-vis de la résistance à l'usure ou des procédures d'entretien.
Il est impératif de suivre les instructions des fabricants de colles et de ciments-joints afin d'en vérifier la compatibilité avec nos produits. En cas de doute, consultez le revendeur qui vous aura fourni la colle ou le ciment-joint. Original Style n'assumera aucune responsabilité en ce qui concerne la compatibilité ou l'usage de colles et de ciments-joints tiers. Veuillez noter que l'utilisation de certains produits nettoyants à base d'acide peut provoquer des réactions sur certains carreaux et en modifier les caractéristiques.

wichtige informationen

ABMESSUNGEN
Bei allen Maßangaben in diesem Katalog handelt es sich um Nennwerte. Die tatsächlichen Maße einzelner Fliesen können von diesen Werten abweichen. Wir empfehlen mind. 5% mehr Material für Bruch oder Verschnitt einzuplanen.

EIGNUNG
Die meisten unserer Glassworks Fliesen und Splashbacks eignen sich für Trocken- und Feuchträume (nur Innenbereiche) sowie private und gewerbliche Bauvorhaben. Bitte beachten Sie die Eignungssymbolik in der jeweiligen Produktbeschreibung.

Glassworks Artikel eignen sich nicht für:
· Arbeitsflächen (Verkratzungsgefahr)
· Böden
· Außenbereiche
· Unterwasserinstallationen (z.B. Pools, Aquarien)
· Installationen über beweglichem Trägermaterial (z.B. Holz, Glasfaser)
· Kamin- und Brennöfen

Glassworks Fliesen können verblassen, wenn Sie direktem Sonnenlicht ausgesetzt werden.

FARBABWEICHUNGEN UND FARBNUANCEN
Da jede Fliese individuell koloriert wird, können einzelne Fliesen derselben Farbe in ihrer Tonalität voneinander abweichen, besonders zwischen Chargen. Dieses ist ein charakteristisches Merkmal von Original Style Fliesen. Legen Sie die Fliesen vor dem Verlegen lose aus, um etwaige Farbabweichungen gleichmäßig zu verteilen und die gewünschte Optik zu erzielen. Dies gilt besonders für Fliesen unserer Metallica-Serie. Wir empfehlen stets alle für ein Projekt benötigten Fliesen auf einmal zu kaufen. Dekorfliesen werden individuell hergestellt und sind daher Unikate. Aurora Borealis weisen aufgrund ihres Herstellungsprozesses unterschiedliche Farbverläufe auf, die sich nicht zwangsläufig aneinander ausrichten lassen. Dennoch ist die Gesamtwirkung beeindruckend. Fliesen, Mosaike und Splashbacks der gleichen Farbe, aber von unterschiedlicher Dichte, können ebenfalls verschiedene Nuancen aufweisen.

Die Farben Champagne und Zinc neigen ebenfalls verstärkt zu Farbabweichungen. Die Rückseiten der folgenden Fliesen werden von Hand eingefärbt und sind daher ebenfalls in Ihrer Farbgebung einzigartig: Arabia, Arabia Mosaic, Ammon Mosaic, Siva Mosaic.

Arctic weiße Fliesen:
Bitte beachten Sie, dass die Farbe Arctic White mit klarem optischen Glas erzeugt wird. Wenn zwei Fliesen unterschiedlicher Kantenlängen nebeneinander verlegt werden, kann der Lichteinfall die wahrgenommene Farbe beeinflussen. Dieser Effekt entsteht durch Refraktion, prismatische Effekte oder chromatische Aberration. Wir empfehlen alle Lücken (z. B. Ecken) vor dem Verlegen zu füllen, um Schatteneffekte zu vermeiden. Die Fliesen sollten außerdem mit einem geeigneten Schneidegerät mit Glasschneideblatt geschnitten und jegliche Unebenheiten mit einer Glasfeile vor Verlegung ausgeglichen werden. Splashbacks dürfen NICHT geschnitten werden.

SPLASHBACKS
Splashbacks müssen vor und während der Installation mit Sorgfalt behandelt werden. Der Großteil unserer Glassworks Splashbacks wurden nach der britischen Norm BS EN 12150 getestet. Sie sind aus gehärtetem Glas hergestellt (auch vorgespanntes Glas genannt), das eine Art von Sicherheitsglas darstellt. Hartglas muss mit der gleichen Sorgfalt behandelt werden wie vergütetes (gewöhnliches) Glas. Mangelnde Sorgfalt bei der Handhabung und unsachgemäße Installation kann Kantenschäden verursachen. Ein verzögerter Bruch kann auftreten, wenn kantengeschädigtes Hartglas einer mechanischen Beanspruchung ausgesetzt wird, wie z.B. bei der Verlegung. Wenn dieses Glas geschnitten, gestoßen oder fallen gelassen wird, zersplittert es sofort.

Versuchen Sie AUF KEINEN FALL Splashbacks zu schneiden oder zu bohren, da das Glas sonst zerbricht. Lediglich die Serie Aurora Borealis Splashbacks kann zugeschnitten werden, da diese nicht aus gehärtetem Glas gefertigt ist. Sie sollten sie jedoch mit der gleichen Sorgfalt wie Sicherheitsglas behandeln:
GW-AQA2406C, GW-AQA3606C Aurora Borealis Aqua
GW-AUR2406C, GW-AUR3606C Aurora Borealis Aura
GW-VEN2406C, GW-VEN3606C Aurora Borealis Ventus

Unsere sonstigen Glasfliesen, einschließlich Upstands können geschnitten werden. Als Glasschneider eignet sich ein Rubi DW250N mit einem CPC2 Schneideblatt. Es ist zudem möglich, Glasfliesen mit einem Rubi TR Schneider mit 18 mm Rad anzuritzen und zu brechen. Beim Schneiden von Glas sind entsprechende Vorsichtsmaßnahmen zu treffen. Lesen Sie hierzu bitte unsere Installationsanleitung unter www.originalstyle.com/guides.

MIRROR-FACET MOSAICS
Verspiegelte Mosaike (S. 62-65) können scharfe Kanten haben. Bitte beachten Sie beim Verlegen entsprechende Vorsichtsmaßnahmen.

INSTALLATION IN DER NÄHE VON WÄRMEQUELLEN
Alle Glassworks Fliesen, einschließlich der Splashbacks, müssen mit einem Abstand von mindestens 3 cm zu Wärmequellen installiert werden. Hierzu zählen im Mauerwerk verlegte Heiz-/Wasserrohre, Heizkörper, Backöfen und Kochfelder sowie Handtuchwärmer. Heiße Pfannen und Töpfe dürfen nicht in direkten Kontakt mit Splashbacks gelangen.

Beim Verlegen von Glasfliesen in Feuchträumen müssen die Wände stets abgedichtet werden, so dass sie vollständig wasserdicht sind.

Wir empfehlen nicht, Glass Strip Borders auf sich bewegendem Trägermaterial zu installieren (z.B. Holzwände), da durch die entstehende Spannung diese Zierkanten splittern können.

VERFUGEN
Wir empfehle eine Fugenbreite von 2-3mm. Glasfliesen dürfen NIE fugenlos aneinandergesetzt werden, da diese springen oder sich lösen könnten.

Bitte beachten Sie vor der Verlegung unbedingt unsere Verlegeanleitung unter www.originalstyle.com/guides. Eine Haftung seitens Original Style ist nach dem Verlegen ausgeschlossen.

WEITERE ORIGINAL STYLE PRODUKTE
Bitte beachten Sie, dass für Produkte anderer Original Style Serien, die in diesem Katalog abgebildet sind (z.B. Keramik und Naturstein) gesonderte Anforderungen und Installationshinweise gelten. Informationen hierzu finden Sie im entsprechenden Katalog oder unseren Verlegeanleitung unter www.originalstyle.com.

PHOTOGRAPHIE
Aufgrund variierender Beleuchtungsverhältnisse im Studio oder bei Druckfarben können die im Katalog zu sehenden Farben geringfügig von der tatsächlichen Farbgebung abweichen. Bevor Sie Ihre Auswahl treffen, sollten Sie immer zuvor einen Einzelhändler für Original Style nach Mustern fragen.

HAFTUNGSBESCHRÄNKUNG
Original Style übernimmt für die fehlerhafte Installation seiner Fliesen keine Haftung. Sollte es Reklamationen bezüglich der Fliesen selbst geben, dann beschränkt sich die gesetzlich eingeräumte Haftung von Original Style lediglich auf den Artikelaustausch oder Kostenrückerstattung. Weitere Schäden werden nicht abgedeckt. Vor der Installation sind die Fliesen zu prüfen. Nachträgliche Reklamationen können nicht berücksichtigt werden. Bitte beachten Sie, dass Sie durch die Installation anzeigen, dass hinsichtlich Qualität, Farbgebung, Textur, Größe oder Schattierung keine Beanstandungen vorliegen. Original Style gewährleistet die beschreibungs- und zweckgemäße Fabrikationsausführung der Fliesen.
Original Style gibt keine weiteren ausdrücklichen oder impliziten Garantien hinsichtlich Eignung der Artikel für besondere Installationsarten. Wir geben weder ausdrücklich noch implizit eine Garantieverlängerung auf Abnutzungsverhalten oder Wartungsarbeiten. Beachten Sie bitte, dass die Fliesen auf Säure basierte Reinigungsmittel reagieren und ihr Aussehen verändern können.

belangrijke informatie

GESCHIKTHEID
De meeste Glassworks tegels en Splashbacks zijn geschikt voor muren in droge en natte ruimtes, voor residentiële en commerciële doeleinden – zie de geschiktheidssymbolen voor meer informatie.

Deze tegels zijn niet geschikt voor:
· Aanrechtbladen aangezien deze zullen krassen
· Vloeren
· Buitenmuren
· Installaties onder water zoals zwembaden en aquariums
· Installaties op ondergronden met beweging zoals hout en glasvezel
· In open haarden en om houtkachels

Wanneer de tegels in direct zonlicht geplaatst worden, kan de kleur mettertijd vervagen.

KLEURNUANCES
Omdat elke tegel afzonderlijk wordt gekleurd, kan er sprake zijn van zichtbare, subtiele kleurnuances, vooral tussen partijen. Dit is een karakteristieke eigenschap van Original Style tegels. Het kan de moeite lonen om, voordat de tegels worden aangebracht, de verschillende tinten zo te verdelen dat u tevreden bent over het geheel. Het is belangrijk dat u de tegels uitlegt voorafgaand aan het installeren bij het plannen van ontwerpen. Dit geldt met name voor de tegels van Metallica. We raden ten zeerste aan dat u alle benodigde tegels tegelijkertijd koopt. Decoratieve tegels worden per stuk gemaakt en zijn daarom uniek. Als gevolg van hoe de Aurora Borealis Splashbacks worden gefabriceerd, zijn er zichtbare verschillen deze de individuele tegels. Als meerdere tegels worden gebruikt in een installatie, dan kan het zijn dat de patronen niet op elkaar aansluiten. Het overkoepelende effect is echter prachtig. Tegels, mozaïeken en Splashbacks met dezelfde kleur, maar met verschillende dikte, kunnen in nuance variëren.

Wegens hun metallic effecten kunnen er ook kleurnuances zijn tussen Champagne en Zinc Splashbacks en glazen tegels. Arabia, Arabia Mosaic, Ammon Mosaic, Siva Mosaic: Doordat de achterkant van deze glazen tegels en mozaieken met de hand geschilderd zijn, is iedere tegel uniek.

ARCTIC WHITE TILES
Omdat de kleur Arctic White wordt gecreëerd door gebruik te maken van optisch helder glas, moeten klanten zich ervan bewust zijn dat wanneer twee tegels van verschillende lengte naast elkaar geplaatst worden, de hoeveelheid licht dat door de tegels gaat, de kleur kan beïnvloeden. Dit effect is het gevolg van lichtbreking, prismatisch effect of chromatische aberratie. Wij raden aan dat openingen (bijvoorbeeld hoeken) volledig opgevuld worden voordat u begint met het installeren van de tegels om dit en andere schaduweffecten te voorkomen. Het glas moet daarnaast ook gesneden worden met een geschikte electrische glassnijder met een zaagblad voor glazen tegels en oneffen randen weggevijld met een geschikte glasvijl. Arctic White Splashbacks mogen NIET gesneden worden.

SPLASHBACKS
Wees voorzichtig in de omgang met Splashbacks voorafgaand aan en tijdens de installatie. De meeste Original Style Glassworks Splashbacks zijn getest volgens de British Standards BS EN 12150. Deze splashbacks bestaan uit gehard glas (ook wel bekend als voorgespannen glas), een type veiligheidsglas. Gehard glas moet op dezelfde wijze worden verzorgd als gegloeid (normaal) glas. Onachtzame omgang en een verkeerde installatie kan soms leiden tot beschadigde hoeken. Op de lange termijn kan het glas breken als het geharde glas met beschadigde hoeken onderhevig is aan mechanische stress, zoals tijdens het zetten. Dit materiaal valt bovendien onmiddellijk volledig uiteen in kleine stukjes als het wordt gesneden, als u er tegenaan stoot of als u het laat vallen. Probeer NOOIT op enigerlei wijze een Splashback te snijden of erin te boren, aangezien deze uiteenspat. De splashbacks hieronder zijn niet van gehard glas gemaakt maar moeten op dezelfde wijze verzorgd en behandeld worden als gehard glas :

GW-AQA2406C, GW-AQA3606C Aurora Borealis Aqua
GW-AUR2406C, GW-AUR3606C Aurora Borealis Aura
GW-VEN2406C, GW-VEN3606C Aurora Borealis Ventus

De andere glazen tegels, inclusief Upstands, kunnen worden gesneden. Een tegelsnijder die wij aanraden is de Rubi DW250N met een CPC2 zaagblad. Daarnaast kunt u tegels inkrassen en breken met een Rubi TR tegelsnijder (met een 18 mm snijwiel). Passende veiligheidsmaatregelen moeten in acht worden genomen bij het snijden van glas. Raadpleeg onze installatiegids op www.originalstyle.com/guides

MIRROR FACET MOZAÏEKEN
De Mirror Facet mozaïeken (pagina 62-65) hebben mogelijk scherpe randen. Wees extra voorzichtig in de omgang met deze tegels voorafgaand aan en tijdens de installatie.

INSTALLATIE

Warmtebronnen
Alle Glassworks tegels, waaronder Splashbacks, moeten op minstens 3 cm van een warmtebron worden geplaatst. Dit geldt ook voor warmwaterleidingen in muren en stralingswarmtebronnen, zoals kookplaten, verwarmde handdoekrekken en radiatoren. Hete pannen mogen niet in directe aanraking komen met glazen Splashbacks.

Wanneer glazen tegels in natte ruimtes geplaatst worden, moeten de muren voor het tegelzetten volledig waterdicht gemaakt en afgedicht worden.

Wij raden aan dat glazen sierstrippen niet op ondergronden geplaatst worden waar beweging in kan voorkomen, zoals bijvoorbeeld hout, aangezien de strippen kunnen barsten.

Voegen
Houdt altijd een voegbreedte van 2-3mm aan. Glazen tegels moeten nooit voegloos (koud) geplaatst worden aangezien de tegels dan kunnen scheuren of onthechten.

Raadpleeg de installatiegids op www.originalstyle.com/guides voordat u begint met het leggen, aangezien Original Style niet verantwoordelijk is voor defecten nadat de tegels zijn gezet.

ANDERE PRODUCTEN VAN ORIGINAL STYLE
Andere Original Style producten in deze brochure, zoals mozaïeken en keramische, porseleinen en stenen tegels, hebben hun eigen installatierichtlijnen. Raadpleeg de juiste Original Style brochure en installatiegidse op www.originalstyle.com/guides, voor deze producten voordat u ze installeert.

FOTOGRAFIE
Als gevolg van variaties in studiobelichting en printinkten kunnen de in deze brochure afgebeelde kleuren enigszins afwijken van die van de daadwerkelijke tegels. We raden altijd aan dat u uw Original Style-leverancier vraagt om enkele voorbeelden.

AANSPRAKELIJKHEIDSBEPERKING
Original Style is niet aansprakelijk voor de verkeerde installatie van zijn producten. In geval van claims met betrekking tot de tegels zelf is de aansprakelijkheid van Original Style, voor zover dit wettelijk is toegestaan, beperkt tot het vervangen van het product of het vergoeden van de kosten van het product, en is gevolgschade niet inbegrepen. Claims moeten binnen zeven werkdagen na ontvangst van de tegels worden ingediend. De tegels moeten worden geïnspecteerd voordat deze worden gezet. Claims worden niet behandeld nadat de tegels zijn gezet. We wijzen u erop dat tot de zetting het aanvaarden van de hoeveelheid, kleur, structuur, afmetingen en schakering van de tegels behoort. Original Style garandeert dat zijn tegels overeenkomen met hun omschrijving en geschikt zijn voor het beoogde gebruik. Original Style maakt geen andere uitdrukkelijke of impliciete garanties met betrekking tot de geschiktheid van de producten voor bepaalde installaties. We maken geen garanties, uitdrukkelijk of impliciet, ten aanzien van slijtagebestendigheid of onderhoudsmaatregelen. Het is van groot belang dat de instructies van de producent voor voeg- en lijmmiddelen worden opgevolgd ten aanzien van hun geschiktheid in combinatie met onze producten. Raadpleeg de leverancier van de voeg- en lijmmiddelen van wie u de producten hebt gekocht in geval van twijfel. Original Style maakt geen beweringen over de geschiktheid voor gebruik van de lijmen en voegmiddelen van derde partijen. We wijzen u erop dat het gebruik van bepaalde bijtende reinigingsmiddelen kan leiden toteen reactie van de tegels, waarvan het uiterlijk kan veranderen.

важная информация

РАЗМЕРЫ
Номинальные размеры всей плитки Original Style Glassworks указаны в брошюре. Реальные размеры каждой плитки могут отличаться от указанных. Мы рекомендуем учитывать допуск на отходы не менее 5%.

ВАРЬИРОВАНИЕ ПО ЦВЕТУ
Поскольку каждая плитка окрашивается индивидуально, возможно незначительное, но заметное отличие по цвету, особенно между плиткой из различных партий. Это характерная особенность плитки компании Original Style. Таким образом, перед укладкой вам может потребоваться некоторое время на то, чтобы обеспечить наиболее красивое распределение оттенков. При планировании дизайна обязательно предварительно разложите плитку на сухой поверхности, особенно если вы используете плитку Metallica. Мы настоятельно рекомендуем покупать всю плитку, необходимую для проекта, за один раз. Каждая декоративная плитка изготавливается индивидуально, а следовательно каждая плитка уникальна. Плитки, мозаики и Splashbacks одного цвета, но с разной толщиной по причине разной плотности различаются по тону.
В связи с особенностями методики изготовления между плиткой Aurora Borealis Splashbacks и матовой плиткой имеется значительная разница, поэтому если отдельные плитки положить рядом, они не будут подходить друг другу, однако общий эффект от выложенной ими поверхности будет потрясающим. Также вариации в тоне расцветки могут быть присущи плитке Champagne и Zinc Splashbacks. Arabia, Arabia Mosaic, Ammon Mosaic, Siva Mosaic: Обратная сторона этой плитки раскрашена вручную и поэтому каждая индивидуальная плитка уникальна.

ОСОБОЕ ЗАМЕЧАНИЕ: плитка Arctic White
Цвет Arctic White получается в результате использования оптического бесцветного стекла. Учтите, что при сравнении двух плиток разной длины количество света, проходящего через плитки, может повлиять на их цвет.
Данный эффект возникает в результате преломления лучей, призматического эффекта или хроматической аберрации. Во избежание данного эффекта, а также других эффектов затенения рекомендуется по возможности заполнять все пустоты на поверхности, выкладываемой плиткой.
Стекло следует резать подходящим электрическим плиткорезом с резцом для резки стекла, а неровные края необходимо отшлифовать соответствующим напильником. ВАЖНО: Плитку Splashbacks НЕЛЬЗЯ резать.

ПЛИТКА SPLASHBACKS
Будьте осторожны при обращении с плиткой Splashbacks до и во время ее укладки. Плитка Original Style Glassworks Splashbacks прошла испытания на соответствие британскому стандарту BS EN12150. Данная плитка изготовлена из закаленного (упрочненного) стекла, которое является разновидностью защитного стекла. Меры предосторожности при работе с закаленным стеклом такие же, как и при работе с отожженным (обычным) стеклом.
В случае неаккуратного обращения или неправильной установки возможно повреждение краев; также возможно повреждение стекла впоследствии, при оказании механического воздействия на закаленное стекло с поврежденными краями, как, например, при установке. В результате резка, удар или падение приводит к немедленному полному разбиванию данного материала. Ни при каких условиях НЕ пытайтесь резать или сверлить плитку Splashback, поскольку это приведет к ее разбиванию. Пройдите по ссылке www.originalstyle.com/guides. Другую стеклянную плитку, в том числе бортики, можно резать. Рекомендуемый плиткорез: Rubi DW250N с резцом CPC2. Плитку также можно подгонять по размеру и резать плиткорезом Rubi TR с 18-миллиметровым роликовым резцом. При резке стекла необходимо помнить о соответствующих мерах предосторожности. Ознакомьтесь с нашим Руководством по укладке, доступным по ссылке: www.originalstyle.com/guides.

MIRROR FACET ПЛИТКА
Mirror Facet плитка (страницы 62-65) могут иметь острые края. Будьте внимательны при обращении и установке.

ВОЗДЕЙСТВИЕ ТЕПЛОМ
Всю плитку Glassworks, включая Splashbacks, необходимо укладывать не менее чем в 3см от любых источников тепла, которые включают среди прочего любые трубы с горячей водой, замурованные в стенах, и источники теплового излучения, такие как плиты, подогреваемые полотенцесушители и радиаторы. Не рекомендуется устанавливать стеклянную плитку рядом с источниками огня. Не допускайте прямого контакта горячей посуды со стеклянной плиткой Splashbacks.

При фиксации стеклянных плиток во влажных помещениях стены должны быть полностью гидроизолированы перед инстоляцией.

Мы не рекомендуем использовать стеклшянные полосы для инстоляции на участках, подлежащих движению, то есть на деревянных стенах, поскольку подложка может привести к их разрушению.

МЕСТА, ПОДХОДЯЩИЕ ДЛЯ ИСПОЛЬЗОВАНИЯ ПЛИТКИ
Большинство Glassworks и Splashbacks продуктов подходит для внутренних стен как на влажных, так и на сухих участках, в жилых и коммерческих помещениях - см. Символы пригодности для отдельных продуктов.
Данная плитка не подходит для использования:
- как столешницы, поскольку она подвержена царапинам
- для полов
- для установки снаружи
- для установки в погруженных условиях, таких как бассейны или аквариумы
- для установки на поверхностях, подверженных смещению, таких как дерево или стекловолокно
- для каминных ниш и в близи печ

Если они установлены под прямым солнечным светом, плитка может обесцветится.

УКЛАДКА, КЛЕЯЩИЕ ВЕЩЕСТВА, ЗАТИРКИ, ЧИСТКА И УХОД

ЗАТИРКА
Всегда допускайте 2-3-миллиметровый зазор.
Стеклянные плитки НИКОГДА не должны стыкаться друг с другом, поскольку они могут либо расколоться, либо откалываться.

Прежде чем начинать укладку плитки, ознакомьтесь с Руководством по укладке, которое можно скачать по ссылке www.originalstyle.com/guides. Компания Original Style не несет ответственности за любые дефекты уже уложенной плитки.

ДРУГАЯ ПРОДУКЦИЯ КОМПАНИИ ORIGINAL STYLE
В данной брошюре представлена также другая продукция компании Original Style, такая как мозаичная, керамическая, фарфоровая и каменная плитка. На данную продукцию распространяются соответствующие требования по укладке. При укладке такой продукции обязательно ознакомьтесь с соответствующей брошюрой Original Style и Руководством по инсталяции в www.originalstyle.com для этих продуктов перед установкой.

Фотографии
С учетом освещения в студии и типографической краски, цвет плитки на фотографиях, представленных в данной брошюре, может незначительно отличаться от фактического цвета плитки. Рекомендуется потребовать образец плитки у поставщика Original Style.

Ограничение ответственности
Компания Original Style не несет ответственности за дефекты при установке ее продукции. При возникновении претензий относительно качества плитки, ответственность компании Original Style в установленных законом случаях ограничена либо заменой товара, либо возмещением его стоимости, и не распространяется на возмещение косвенных убытков. О претензиях необходимо сообщать в течение 7 рабочих дней после получения плитки. Плитку следует проверить до ее установки. После установки плитки претензии не принимаются.
Просьба обратить внимание, что установка плитки означает отсутствие претензий к ее качеству, цвету, размерам, текстуре и оттенкам. Компания Original Style гарантирует, что плитка соответствует ее описанию и пригодна для использования в надлежащих целях. Компания Original Style не предоставляет ни прямых, ни косвенных гарантий соответствия или пригодности товара для конкретных видов установки. Мы не обеспечиваем ни прямые, ни косвенные гарантии износоустойчивости и исправности.
Просьба отметить, что использование определенных чистящих средств на кислотной основе способно привести к возникновению химической реакции и изменению свойств плитки.
