

IMPERIAL

BEAUTIFULLY BRITISH LUXURY BATHROOMS

MADE IN BRITAIN

LONDON • PARIS • NEW YORK • SYDNEY • MOSCOW • HONG KONG • RIO DE JANEIRO

A reputation built on tradition

We are a British company with very British values. Situated in Aldridge, a historic town in the heart of England famed for its rich history of clay and brick production, we thrive to keep local craftsmanship alive.

Our team of time-served craftsmen utilise skills passed down by generations to make beautiful bathroom products from wood, clay and other natural materials. For added piece of mind, all of our ceramic ware carries a lifetime quality guarantee, so you can enjoy your new Imperial bathroom suite safe in the knowledge that it will last for many years to come.

MADE IN BRITAIN

*Designed and handcrafted
in the industrial heartland
of England*

Our collections are for those who truly recognise British-made quality and individuality when they see it.

The kind of hand-crafted perfection that no mere machine alone can truly replicate

You only need to take a close look at the finish of any piece of Imperial ceramic ware and you'll discover a flawlessly smooth surface beneath layer upon layer of Imperial's brilliant glaze. This level of quality extends across our entire range. From our hand-crafted bathroom furniture, made the traditional way with jointed solid wood, to the reassuring strength and weight of our brassware that's manufactured from cast brass to last a lifetime or longer.

These are just a few examples of the way Imperial is showcasing the very finest British traditions of quality around the world. As for the way our bathrooms look, well, we are delighted to say that they speak for themselves.

Carlyon Ceramic Ware

The design theme for our Carlyon Collection is set by the authentic look of the Carlyon ceramic ware. Here, the timeless appeal is gently softened by curved corners and neat styling around the basin interior.

As featured:
Carlyon large basin and pedestal with
the Radcliffe tall mono basin mixer

IMPERIAL

Carlyon large basin and pedestal

The beautifully crisp definition of the moulding details you can see here in Carlyon are one of the hallmarks of fine British ceramic ware by Imperial, reflecting the pride our craftspeople take in every single piece using handworking skills passed down through the generations.

Carlyon medium basin and pedestal

As featured:
Carlyon Large basin stand, Annabel Mirror and Westminster Pendant candle holder

Carlyon Basin Stands

These classic basin stands with elegant legs and exposed waste are a wonderful way to indulge your love of period home styling. To support our Carlyon basin you can choose a stand with either chrome or glass legs.

Carlyon basin stand with glass legs

For use with the Carlyon large basin (see page 35)
h870 w710 d520mm
Available in Chrome, Antique Gold, Polished Nickel

Carlyon large basin
(1 or 3 tap holes)

Traditional 'P' trap
Available in Chrome, Antique Gold, Polished Nickel

Classic 'S' trap
Available in Chrome, Antique Gold or Polished Nickel

Carlton large basin stand with glass shelf and chrome legs

Carlyon Thurlestone Furniture

A striking alternative to the traditional ceramic pedestal or basin stand. Thurlestone pieces come in a range of fine solid wood finishes including rich hand-oiled options. We've also married proud tradition with the latest technology by introducing subtle refinements such as soft-close door hinges and mirror options with LED IP44 rated down lighters and anti-mist panels.

As featured:

1200 box mirror with lights, Carlyon Thurlestone offset vanity unit, Carlyon back to wall pan and Lady Margaret bath

Carlyon Thurlestone offset unit in Natural Oak (left hand version shown)

Carlyon Roseland Furniture

Roseland is another elegant expression of the Carlyon Collection's character. In this example the solid oak has been hand-oiled to a soft lustre, an exciting first in bathroom finishes from Imperial. Closer inspection will reveal the further refinement of soft-close drawers.

As featured:

Carlyon Roseland 2 drawer wall-hung vanity unit, Annabel Mirror in the Dark Oak Oiled finish, Westminster brassware, Lady Margret bath and Elizabethan floor tiles in Charcoal

THE CHELSEA *Collection*

A collection with exceptional presence and strength of character. Combine the ceramic ware and a selection of classical basin stands designed to complement the style of the Chelsea ceramics.

Ceramic Collection

42

Basin Stands

46

Collection Options

52

Chelsea Ceramic Ware

For Chelsea our designers have taken an iconic Victorian basin shape and rounded the corners a little more to provide a smooth and subtle variation on a classic look.

Chelsea small basin and pedestal

Choose a Chelsea basin in either a large or medium size to suit the proportions of your room. You can then go on to create your own completely distinctive look with the wide selection of brassware, accessories, lighting and mirrors all exclusive to Imperial.

Chelsea medium basin and pedestal

Chelsea Basin Stands

If you're looking to conjure a truly authentic period charm in your Chelsea bathroom then an Imperial basin stand hand-made in a choice of luxurious finishes will help you achieve it to perfection.

MADE IN BRITAIN

THE ASTORIA DECO *Collection*

The designers of the 1920s left years of wartime austerity behind them with exuberant new forms and striking colour combinations. Our Astoria Deco Collection is the perfect starting point to create your own personal evocation of the Jazz Age.

Ceramic Collection

56

Basin Stands

60

Collection Options

64

Astoria Deco Ceramic Ware

Take the square forms and assertive geometric styling of Astoria Deco as the starting point for your 1920s-inspired styling adventure with exclusive baths, tiles, brassware, accessories and mirrors by Imperial to complete the look.

As featured:

Edwardian brassware, Antique Crackle wall tiles, Linea mirror in Wenge, Linea bath panel, Astoria Deco bath

Astoria Deco basin

Astoria Deco cistern lever

Astoria Deco pedestal feature

A gleaming black finish gives Astoria a special allure, throwing its crisply-defined detailing into even more impressive relief. Firing every piece up to six times to achieve a mirror-like smoothness, only Imperial craftspeople can achieve a deep gloss of this quality.

Astoria Deco large basin and pedestal

Astoria Deco Basin Stands

Nothing evokes a sense of period opulence more than these basin stands hand crafted in brass with a choice of timeless finishes.

Shown here is the chrome option with elegantly slim glass legs. Exclusive tiles, radiators, tiling and metal mirrors by Imperial complete an authentic look.

Drift Ceramic Ware

*A true classically-inspired design
with elegant raised upst and and
gentle contoured lines.*

As featured:
Drift large basin and pedestal,
high level toilet, Roseland cast
iron bath with chrome feet and
Astoria mirror

Drift large basin and pedestal

Distinguished, self-assured and daring, Drift instantly takes on a dramatically different personality in black. Our craftspeople fire each piece up to six times to ensure the flawless gleaming finish that only Imperial can achieve.

Drift Hardwick basin stand

Drift Decorated

The Victorians had an insatiable appetite for pattern and those wealthy enough to have bathrooms indulged that passion where ceramic ware evolved into works of art. We're continuing that great tradition with our decorated Drift pieces in blue.

Radcliffe Ceramic Ware

With its confident lines that flow effortlessly from basin down into the pedestal, Radcliffe forms the distinctive heart of this wonderfully inspiring and varied collection.

Radcliffe large basin and semi-pedestal, wall-hung pan and Linea mirror in White

Radcliffe ceramic ware gives you a variety of beautiful ways to express your individuality.

On the left, for example, wall-hung pieces from the collection allow you to neatly blend traditional and contemporary ideas.

Other careful details include authentic period cistern mounting brackets and a choice of either ceramic or chrome joining plates for the high and low level options.

Radcliffe low and high level ceramic plate option

Radcliffe low and high level brass Chrome plate option

Radcliffe medium basin and pedestal, high level cistern and pan and Astoria mirror in Wenge

Radcliffe large basin and pedestal

Fade to black for a very different bathroom mood. Our craftspeople fire these very special Radcliffe pieces up to six times to achieve the deep, glassy finish only Imperial can achieve. Choose from the inspired range of exclusive Imperial brassware, lighting and mirrors to carry through the powerful theme.

Radcliffe Troon basin stand with chrome legs

Radcliffe Basin Stands

With Radcliffe you have many exciting styling options. You can mount a Radcliffe vanity basin on a traditional hand-crafted stand in range of sophisticated finishes (as shown here) or you can opt for a Radcliffe under-counter basin mounted within a period-style console with an opulent top in real Marble or Black Granite.

THE HEYFORD *Collection*

So many choices - just imagine how many ways you could bring together the distinctive classically white ceramic, basin stands and luxury furniture found in this single collection.

Ceramic Collection

138

Basin Stands

140

Collection Options

145

Heyford Ceramic Ware

With its high upstand Heyford has a strong period character that is also amazingly versatile thanks to the wide selection of basin styles available. The distinctive look is complemented to perfection by Imperial's own range of brassware, accessories, tiles and mirrors.

Heyford Basin Stands

Whether you choose the square or rounded version of the Heyford basin, our period stands are a guaranteed way to complete the authentic Victorian look.

As featured:

Heyford large basin and Vergennes large stand and Jules mirror

Heyford cloak basin stand

Bath Painting Service

Imperial is now able to offer our Customers a Bath Painting Service on all of our Primed Cast Iron Baths. The bath (and feet if a cast iron set of feet are selected with the bath) will be painted using both roller and paint brushes and can have up to 4 coats of paint. We can paint your bath to your choice of 170 RAL colours - so when you order please advise your retailer the colour.*

Acrylic Baths Collection

This collection offers a choice of designs to complement our ceramic ware. Panels are available in a range of finishes, including options to echo our bathroom furniture. The acrylic material we use is of exceptional quality and rigidity, and all our baths come with the reassurance of a 20-year performance guarantee.

THE TILE *Collection*

It is impossible to plan your perfect bathroom without including the unrivalled impact of tiles in your design thinking. We offer you no fewer than seven tile collections, each inspired by period decorating styles and designed to give you infinite creative options.

Plaza Wall Tiles

Plaza Wall Tiles

Plaza tiles are all about glamour, an opulent re-imagining of the Golden Era of the 1920s. These make magnificent companion tiles for our Astoria Deco ceramic ware collection – or consider them to create a dramatically retro backdrop for any of our other collections.

Plaza Wall Tiles Options

Plaza raised tiles

White
15x15cm
per box - 0.5m²

Midnight Black
15x15cm
per box - 0.5m²

White

Border
6.5 pcs per linear metre

All other items are sold individually

Midnight Black raised tiles in 7.5x15 and 15x15 combination

Elizabethan Floor Tiles

Another prestigious effect, this time using a square format in a choice of subtle earthy shades. The highly distinctive detailing is achieved using the small Elizabethan Mosaic feature tiles.

Elizabethan Floor Tile Options

Chalk
30x30cm
per box - 1.35m²

Chalk mosaic
30x30cm
sold by sheet

Octagonal Chalk
20x20cm
per box - 1.16m²

Octagonal mosaic insert Chalk
3.5x3.5cm
sold individually

Charcoal
30x30cm
per box - 1.35m²

Charcoal mosaic
30x30cm
sold by sheet

Octagonal Charcoal
20x20cm
per box - 1.16m²

Octagonal mosaic insert Charcoal
3.5x3.5cm
sold individually

Charcoal/Chalk mosaic
30x30cm
sold by sheet

30x30cm tiles
15 tiles per box - 1.35m²

3.5x3.5cm Inserts
Sold individually

20x20cm tiles
30 tiles per box - 1.16m²

Laying edge-to-edge without joints is strongly discouraged, indeed it is not practicable for exterior applications.

In the case of modular laying of different formats allow for at least 3mm joint widths.

Octagon 20x20cm Chalk tile with Charcoal mosaic insert

Octagon 20x20cm Charcoal tile with Chalk mosaic insert

Charcoal 30x30cm tile

Below are some examples of layout combinations using the Elizabethan mosaic tile collection

Elizabethan 30x30cm Chalk tile with a 6.5x30cm Almond insert and 6.5x6.5cm Chalk large insert

New England Floor Tiles

Plaza tiles are all about glamour, these elegantly elongated tiles can be laid in a variety of ways to create a highly individual effect. They can be arranged offset, as here, or in the classic square and herringbone patterns you will find over the page.

New England Nero floor tile

New England Floor Tile Options

BRUSHED EXTRUDED PORCELAIN TILES

Technology and tradition combined in an elegant product. With the strength of porcelain and the look of a handmade product, it is highly recommended for residential use.

Champagne
13x52cm
0.54m² per box

Emerald Slate
13x52cm
0.54m² per box

Chestnut
13x52cm
0.54m² per box

Nero
13x52cm
0.54m² per box

8 tiles per box - 0.54m²
Suggestions for installation:
This is an artisan extruded material. To get a correct colour blend it is recommended to mix tiles from a few different boxes during installation. A 3mm grout-joint is suggested.

New England Champagne floor tile

Edwardian Wall Tiles

Here is a distinctive way to capture all the essential elements of a period home in a single ceramic tile collection. Skirting, lower wall panelling, dado, border, even the appeal of crisply striped wallpaper – all these influences have been skilfully brought together thanks to the exceptional skills of our expert tile craftsmen.

Edwardian wall tiles 30x60cm
6 tiles per box - 1.08m²

Antique Crackle Wall Tiles

If you are planning a bathroom with an authentic period feel, then this collection will give you the irregular hand-made look and aged patina of tiles first fixed a century or more ago. But, unlike original tiles, these gloriously rich and deep glazes won't stain or discolour as the years go by.

INSTALLATION INSTRUCTIONS FOR LIGHTING FIXTURES

IP44 rated wall lamps - information and installation

Important Information Imperial recommends that a qualified electrician should install your lighting.

Lamps have been manufactured with care from quality materials and when installed correctly should give many years of trouble free service. To ensure your complete safety and satisfaction, before commencing any installation please ensure that you have read and fully understood the following instructions. Remember; if you have any doubts about connection please consult a qualified electrician.

IMPORTANT: We recommend that lamps are installed by a qualified electrician in accordance with current IEE wiring and building regulations. These lamps are not suitable for outdoor use.

Resistance to moisture: These lamps have been tested and rated at IP44. When assembled & mounted correctly, they are suitable for use in Bathrooms (Zone 2 and Outside Zone). Correct orientation of the wall lamps is essential to maintain this protection rating and is shown on the label 1.058

WARNING

Switch off electricity supply at fuse box before and during installation and maintenance. We recommend that the circuit fuse or breaker is withdrawn to prevent accidental switching on whilst work is in progress. Light fittings should be protected by a maximum 6 amp fuse / miniature circuit breaker (M.C.B.)

1. Remove the stainless steel mounting plate from the back of the lamp by unscrewing the allen screw in the top edge of the lamp back plate using the allen key provided.

2. Carefully mark the position of the fixing holes for the wall mounting plate in the desired position on the wall ensuring that the plate is the correct way up and not back to front. The wall lamps are quite heavy, and the mounting plate will need to be securely screwed to the wall using suitable fixings for the particular type of wall construction where the lamp is to be installed.

3. Taking great care not to interfere with existing cables or pipework, drill the fixing holes of a suitable size for the screws or fixings you are using.

4. Pass the cables from the wall through the plastic grommet of the mounting plate, and secure the plate to the wall using the screws or other fixings you have chosen. Carefully support the wall lamp, while making the mains connection as below.

5. The wires are coded as follows:

Brown - Live (L)
Blue - Neutral (N)
Green/Yellow - Earth (E) - THESE LAMPS MUST BE EARTHED

6. Connect the mains wires securely to the lamp as indicated above, using only the special terminal block supplied with the lamp. To open the terminal block cover, insert a small flat bladed screwdriver

into both of the small slots on the front of the cover marked with an arrow. Pushing the screwdriver down slightly and levering gently away from the housing will release the two small catches allowing the cover to be opened. When making the connection, ensure that no bare or loose strands of wire are exposed, and that the outer sheath of the supply cable passes through the special grommet into the connector box. Do not disassemble the connections made already from the lamp to the terminal block.

7. Secure the lamp to the mounting plate from the lower edge of the back plate first, sliding the lamp slightly upward to locate the tang on the mounting plate in the slot in the back of the lamp. Once located, bring the top of the lamp backplate toward the wall and secure by tightening the allen screw in the top edge with the allen key provided. Ensure that no wires are trapped when tightening the allen screw.

WATTAGE

Never exceed the maximum wattage as indicated on the bulb holders.

BULB REPLACEMENT

This differs between models: - Follow the directions below for only the model in use. In all cases, switch off the lamp and allow the bulb to cool prior to commencing.

Carlyon Single and Double, Radcliffe Single and Double, Toledo Single and Double: Unscrew the glass shade and replace the bulb with the same type as marked on the bulb holder.

Brokton and Pendant: - Shade and Bulb replacement. Unscrew the domed glass bulb cover complete with shade ring. (This is quite stiff due to its rubber sealing gland). Unscrew and remove the bulb. You can now fit the shade of your choice. With the shade seated on the bulb holder, screw in a new E14 screw cap tube shaped bulb of up to 40 watts maximum. Finally screw the glass bulb cover and shade ring back on to the lamp as a unit (it can easily be re-seated if they have come apart in disassembly).

Cadiz and Avila: Carefully remove the domed frosted glass bulb cover (this is a pull/push fit over the rubber seals at the base of the bulb holder). Unscrew the glass shade if greater access is required and pull out the old bulb. Replace the bulb with a G9 mains voltage halogen bulb of 40 watts maximum taking care not to let the bulb have direct contact with your fingers. Screw the glass shade back on to the lamp and finally push home the domed frosted glass bulb cover ensuring it is over the seals at the bottom of the bulb holder.

CARE OF THIS PRODUCT

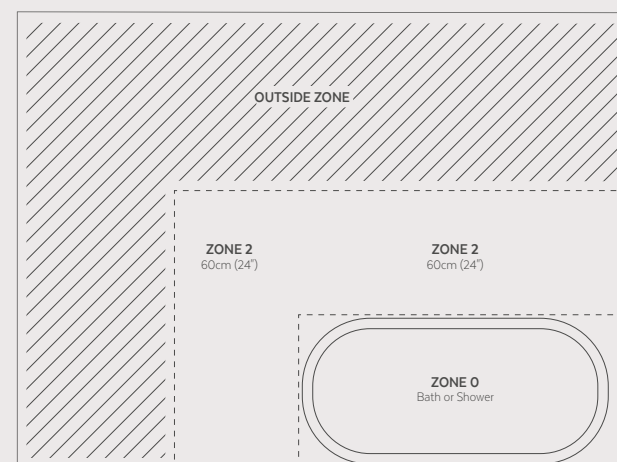

Clean only with a dry soft duster. Do not use any proprietary cleaners and polishes, which may have a detrimental effect on the finish.

Complaints made following installation cannot be accepted.

LIGHTING ZONES

Getting it right

Bathrooms need to operate on both a practical and sensory level to tackle the morning rush and evening unwind. Imperial lighting ranges are designed to perform as both task and mood lighting, offering the perfect lighting conditions for bathrooms as well as other rooms in the house.

GUARANTEES, TERMS AND CUSTOMER CARE

Purchasing, installing and caring for your Imperial bathroom

ENGLISH

Guarantees and Customer Care, Terms and Conditions SALES ORDERS

All orders must be faxed to Imperial (+44 1922 743180) or sent by e-mail export@imperial-bathrooms.co.uk. Unfortunately we are unable to accept verbal orders. The Buyer must acknowledge that he is aware of Imperial's Selling Terms and Conditions when placing the order. Cancelled Orders must be done in writing (by fax or e mail) to the sales office. If the order has been shipped or has been delivered, then there will be a 30% re-stocking fee applicable.

DELIVERY

Subject to stock availability, we would expect to ship the goods from our warehouse within 5 working days. If we are unable to ship the order complete, then we will ship the goods as soon as all items are available. The Sales office will keep you informed of your order status, and if you have any questions then please call the sales office on +44 1922 743074.

If a delivery has missing or damaged items, then you must inform in writing the sales office within 3 working days of receiving the goods (by fax or e mail). Failure to declare this within this timescale will make the claim void.

RETURNS

No goods can be returned to Imperial without authorization. Please inform the sales office of any returns, and obtain a Return Material Authorisation Number. Imperial will then contact you to make arrangements to have the goods returned.

TERMS & CONDITIONS

Please contact the Sales office for a set of our Terms and Conditions. These terms and conditions are governed by the laws of England and Wales and each party submits to the jurisdiction of the English Courts.

Other Conditions are as laid out by the Selling Contract & letter of introduction by Imperial

INSTALLATION & TECHNICAL SPECS

We recommend that all products are purchased with the assistance of a specialist bathroom retailer and always installed by an experienced installer who is a member of a recognised plumbing association. A list of bathroom retailers is available from our sales office and many retailers who display the Imperial product ranges can offer a complete design and installation service. Imperial Bathrooms Sanitaryware products are produced to the most demanding standards and each piece can be subject to as many as 15 individual quality control checks during production. Notwithstanding the high quality finishes achieved in the Imperial factory, all Sanitaryware is subject to the limitations of the ceramic manufacturing process. Unlike machine finished products, natural clay based products shrink and move during firing and, because it is not possible to control this process absolutely, minor variations in the dimensional stability of finished products will occur. In most instances this is not noticeable and will have no significant effect upon the installation or upon the look of the finished bathroom, but in any event these variations are normal and to be expected.

For further Technical Information and Dimensions please go to www.imperialtechspec.com or contact the sales office on +44 1922 743074

All products should be inspected before installation.

(i) Sizes all sizes quoted in this brochure are nominal. Actual ceramic sizes may vary by + or - 2% against the figures quoted in our technical data. When planning installations where dimensions are critical it is essential that the space allowed for individual items is physically checked with the products to be installed.

(ii) Wood Finishes - All natural wood finishes mature with age and Colours may vary slightly from batch to batch or from panel to panel. It is therefore not always possible to achieve a precise colour match when additional items are added at a later date.

(iii) Vitreous China These are extremely hard, non-porous products; but are also brittle and therefore must not be put under stress during installation. Basin waste fittings when over tightened can create stress within the ceramic material which may in time cause the failure of the product. Waste fittings should be carefully bedded in silicon and the back nut hand tightened. One additional quarter turn using a suitable spanner is sufficient to create the required watertight seal. Care should also be taken when fitting brassware in order to prevent similar stress related failures.

(iv) Cistern Flushing - All Imperial Bathrooms WC pans and cisterns flush at 6 litres in compliance with European EN Standards

(v) Acrylic Baths - Acrylic bath sizes are nominal the final size often depending on the degree of detail incorporated in the design. All baths should be carefully inspected before installation.

(vi) Gold & Nickel plating all items supplied in Antique Gold or Nickel finish have been plated in the UK and the plating complies with British and European Standards relating to the products concerned. These special order items can not be returned to Imperial

(vii) Furniture - Imperial Bathrooms furniture is produced from a combination of solid wood and wood veneer panels, and all sizes quoted are nominal and must be checked against actual product. The timber used is supplied from renewable sources and whilst every care is taken in the manufacture of wooden products inevitably there will always be variation in both colour and grain pattern between individual pieces - indeed this is part of the beauty and unique appeal of using a natural material. Where frosted glass is a feature, only toughened safety glass is used.

(viii) Cast Iron Baths - During manufacture a thick coat of powder enamel is fused onto the internal surface of the red hot cast iron. This long established process can however produce ripples, small dimples and specks on the surface which are indeed part of the character and appeal of this type of product and it is normal and to be expected- the performance of the bath is however not affected.

(ix) Bar Pressures - The recommended operating pressure for taps, mixers and shower valves is from 0.3 Bar to 5 Bar. If the pressure is higher, a pressure reducing valve should be incorporated within the system.

(x) Tiles your tiles have been manufactured to simulate the look, (size, shape, colour, thickness, tone of glaze) of a hand made tile and, as such, are all different in appearance from each other. In order to obtain the best blend, we recommend taking tiles from a number of boxes on application. To obtain the best appearance, we recommend a 3mm grout line. Use only waterproof adhesives and grouts. For Further Technical Data and for further installation instructions on the Tiles please contact the sales office on +44 1922 743074

(xi) Basin stands are produced by hand and slight imperfections on the surface detail are normal due to the material and the manufacturing process.

(xii) The Hardwick glass legs are manufactured from Borosilicate 3.3 glass, 30mm diameter - Not toughened

LOOKING AFTER YOUR BATHROOM

Sanitaryware - The glazed finish of your Sanitaryware should be cleaned after use by applying a little cream-type cleaner. Apply using a sponge or damp cloth and rinse thoroughly with clean water. Cleaners containing abrasive materials should be avoided.

Antique Gold, Chrome or Nickel plated brassware and taps should be cleaned with warm soapy water and dried with a soft cloth. Under no circumstances should bleach or abrasive cleaning products, polishes, or detergent be used on plated surfaces and in particular should these materials be used on Nickel or Gold plated items it is possible that the surface will be damaged.

Acrylic baths should be cleaned using similar non abrasive cleaners.

Bathroom vanity furniture, Seats and Bath Panels can be wiped over with a damp cloth and dried with a soft duster. The use of polishes containing silicon or any abrasive materials can damage the wood finish. Natural wax polishes should be used sparingly and applied using a soft dry cloth.

Stone / Marble - To assist you in use, each piece of stone/marble has already been pre-sealed but will require regular maintenance with appropriate care and sealant products. We have used a special impregnation which optimally protects absorbent, stain-sensitive natural stone surfaces. It largely prevents the penetration of oil, greases, and water and makes further maintenance easier. Using the right ongoing care products will facilitate the cleaning process and will maintain a fresher appearance of your stone surfaces. We recommend that you re-treat your purchase on a quarterly or six-monthly basis dependant upon use.

Tiles should be cleaned by washing with warm water to which a neutral, clear, low sulphate detergent has been added. After cleaning, rinse well with clean water and polish with a clean soft dry cloth.

MANUFACTURING POLICY

1. The policy of the Imperial Bathroom Company is one of continuous improvement. We therefore reserve the right to alter or amend specifications/dimensions and prices without notice and to withdraw specific items/Colours without notice.

2. Colour reproduction in this brochure is as accurate as the variables in photographic and printing process will allow and specific colours may vary from actual products.

3. Great care is taken to ensure that products supplied by The Imperial Bathroom Company are supplied to you in perfect condition. Your purchases should, however, be checked for manufacturing defect (or damage) before any installation work is carried out. We are unable to accept responsibility for any defect which was evident before or has occurred as a result of installation.

GUARANTEES (EXPORT)

1. Vitreous china manufactured by the Imperial Bathroom Company carries a Twenty Five Year guarantee against failure caused by manufacturing defect.

2. Imperial taps, mixers, Accessories, Shower Valves are guaranteed against manufacturing defects for One Year, this excludes plated surfaces and replaceable parts which are subject to normal use i.e. washers.

3. Imperial Bathrooms vanity furniture is guaranteed against manufacturing defects for a period of One Year from installation.

4. All Imperial Bathrooms baths carry a 5 years guarantee against manufacturing defects.

5. All components incorporated in Hydro Jet Whirlpool Systems are guaranteed for One Year.

6. All stone and marble products carry a One Year guarantee against manufacturing defects and does not guarantee against staining / discolouration.

7. Tiles carry a One Year guarantee against manufacturing defects and does not guarantee against staining / discolouration.

8. Radiators carry a 2 year guarantee against manufacturing defects excluding plated finishes or electric heating elements.

MAKING A CLAIM UNDER WARRANTY

To make a claim under the guarantee the following conditions must be met:

1. Proof of purchase should be supplied at the time of the claim.

2. Product should have been fitted in accordance with our fixing instructions, EN Standards and general good plumbing practice.

3. We need to ensure that the product has been maintained and cared for in accordance with our Care Instructions. We cannot accept responsibility for the failure of a product if it has been modified, misused, neglected or willfully or accidentally damaged. It should have been used for its sole design purpose

4. We must be given reasonable opportunity to inspect the product in the installed situation. If removed the product should be retained for inspection.

5. Our policy is one of continuous improvement. If the product has failed under the terms of the guarantee and a replacement is offered, but identical goods are no longer available, we will replace with the nearest equivalent.

6. This guarantee applies only to the single product in question and not to the whole bathroom suite.

7. We will not bear costs for repairs or replacements where the product fault is due to the following: Accidental or malicious damage, Improper use, Negligence, General wear and tear, Damage due to poor installation or, servicing or consequential loss, Where modifications have been made to the product, Where the product has not been used for its sole purpose, Inappropriate use.

8. These terms and conditions are governed by the laws of England and Wales and each party submits to the jurisdiction of the English Courts.

9. To the extent permitted by applicable law, other than the express warranty set forth in these terms and conditions, we (or any other third-party supplier) make no additional warranties, expressed or implied, and disclaim all implied warranties, whether in fact or by operation of law, statutory or otherwise, including warranties or conditions of merchantability and fitness for particular purpose. Any warranties that may not be disclaimed under applicable law are limited in duration to the warranty period. No warranties, expressed or implied, will apply after this period. In no way will we (or any third party supplier) be liable for any special, indirect, incidental or consequential damages, losses costs of expenses, however arising, whether in contract or tort, including without restriction, any economic losses of any kind, any loss or damage to property, any labour costs of refitting the product, any personal injury, any damage or injury arising from or as a result of misuse or abuse, or the incorrect installation, integration or operation of the product. We neither assume nor authorize any other person to accept any liability in connection with repair or replacement of the product. And we limit any claim to the value of replacement goods only and not any consequential charges (such as plumbing Costs).

10. Warranty is not transferable and applies only to the original purchaser / retailer.

FRANÇAIS

Garanties, Services Client et conditions de vente

COMMANDES

Toutes les commandes doivent être envoyées par télécopieur à Imperial (+44 19 22 74 31 80) ou par e-mail export@imperial-bathrooms.co.uk. Nous regrettons de ne pouvoir accepter les commandes verbales. Au moment de passer la commande, l'acheteur doit convenir qu'il est informé des conditions de vente d'Imperial. L'annulation des commandes doit être faite par écrit (par télécopieur ou par e-mail) et transmise au bureau de vente. Si la commande a été expédiée ou livrée, il sera appliqué 30% pour frais de restockage.

LIVRAISON

Sous réserve de disponibilité des stocks, nous anticipons d'expédier les marchandises de notre dépôt dans les 5 jours ouvrables. Si nous ne sommes pas en mesure d'expédier la commande intégrale, nous expédierons les marchandises dès que tous les articles seront disponibles. Le bureau de vente vous tiendra au courant des progrès de votre commande. Pour toutes questions complémentaires, veuillez appeler le bureau de vente au n° +44 19 22 74 30 74. S'il y a des articles manquants ou endommagés dans la livraison, vous devez informer le bureau de vente dans les 3 jours ouvrables qui suivent la réception des marchandises (par télécopieur ou par e-mail). Si cela n'est pas déclaré dans le délai requis, la réclamation sera nulle et non avenue.

RETOURS

Aucun article ne peut être retourné à Imperial sans autorisation. Veuillez informer le bureau de vente de tout retour, et obtenir un numéro d'autorisation de retour d'article. Imperial vous contactera afin de prendre les dispositions requises pour le retour des articles.

CONDITIONS DE VENTE

Pour obtenir une documentation de nos Conditions de vente, veuillez contacter le bureau de vente. Ces conditions de vente sont régies par les législations de l'Angleterre et du Pays de Galles, et chaque partie doit se soumettre à la juridiction des tribunaux anglais.

D'autres conditions sont stipulées dans le contrat et de vente et la lettre de présentation d'Imperial

INSTALLATION ET CARACTÉRISTIQUES TECHNIQUES

Nous recommandons que tous les produits soient achetés en faisant appel à l'assistance d'un revendeur spécialisé dans les articles pour salles de bains, et qu'ils soient toujours installés par un installateur chevronné faisant partie d'une association de plombiers réputée. Pour obtenir une liste des revendeurs de salles de bains, prière de vous adresser à notre bureau de vente : de nombreux revendeurs qui présentent les gammes de produits Imperial sont en mesure de proposer un service complet d'étude et d'installation. Les produits sanitaires pour salles de bains Imperial sont fabriqués selon les normes les plus rigoureuses, et chaque article fait l'objet de quinze contrôles de qualité individuels pendant la production. Exception faite des finitions de haute qualité réalisées par l'usine Imperial, tous les articles sanitaires sont soumis aux limitations du procédé de fabrication de la céramique. Contrairement aux produits fins machine, les produits fabriqués à base d'argile naturelle se rétractent et se déforment pendant la cuisson, et comme il n'est pas possible de complètement maîtriser ce processus, des variations mineures peuvent apparaître dans la stabilité dimensionnelle des produits fins. Dans la plupart des cas, ceci n'est pas apparent et n'aura aucune conséquence importante lors de l'installation, ou dans l'esthétique de la salle de bains finie, mais en tous cas, ces variations sont normales et peuvent être anticipées.

Pour tous renseignements techniques complémentaires et tous renseignements sur les dimensions, veuillez consulter www.imperialtechspec.com ou contactez le bureau de vente au n° +44 19 22 74 30 74

Il faut inspecter tous les produits avant l'installation.

(i) Dimensions: Toutes les dimensions indiquées dans cette brochure sont nominales. La taille réelle de la céramique présente des variations de + ou - 2% par rapport aux chiffres indiqués dans nos caractéristiques

techniques. Pour préparer une installation où les dimensions sont critiques, il est essentiel de contrôler physiquement l'espace prévu pour chaque article et de le comparer avec les produits à installer.

(ii) Finitions bois: Toutes les finitions en bois naturel s'affinent en vieillissant et les coloris peuvent légèrement varier d'un lot à l'autre ou d'un panneau à l'autre. Par conséquent, il n'est pas toujours possible d'obtenir une correspondance précise des coloris lorsque des articles supplémentaires sont ajoutés ultérieurement.

(iii) Porcelaine: Les produits en porcelaine vitrifiée sont extrêmement durs et non poreux, mais également fragiles. Par conséquent, ils ne doivent pas être soumis à des contraintes au cours de l'installation. Si la robinetterie pour lave-mains est trop serrée, cela risque de créer des contraintes dans le matériau en céramique et éventuellement, la défaillance du produit. Les bondes doivent être soigneusement posées dans du silicone, et le contre-écrou doit être serré à la main. Il suffit de le tourner d'un quart de tour supplémentaire avec une clé appropriée pour créer l'étanchéisation requise. Agir également avec précaution pour poser la robinetterie en laiton afin d'éviter toutes défaillances liées aux contraintes.

(iv) Chasses d'eau: Toutes les cuvettes WC et tous les réservoirs de chasse Imperial Bathrooms évacuent 6 litres d'eau en conformité aux normes EN européennes.

(v) Baignoires acryliques: Les dimensions des baignoires acryliques sont nominales. La taille finale dépend souvent du galbe et des finitions incorporés dans le modèle. Il faut soigneusement examiner toutes les baignoires avant l'installation.

(vi) Placage doré ou nickelé: Tous les articles fournis en finition dorée Antique Gold ou nickelée sont plaqués en Grande-Bretagne et le placage est conforme aux normes britanniques et européennes relatives aux produits en question. Ces articles sur commande spéciale ne peuvent pas être retournés à Imperial.

(vii) Meubles: Les meubles Imperial Bathrooms sont fabriqués dans un ensemble de bois massif et de panneaux bois contreplaqués. Toutes les dimensions mentionnées sont nominales et doivent être vérifiées par rapport au produit réel. Le bois utilisé provient de sources renouvelables et bien que toutes les précautions aient été prises dans la fabrication des produits en bois, il y aura inévitablement des variations de la couleur et du grain du bois d'un article à l'autre ; en fait, ces variations font parties de la beauté du produit et l'esthétique exclusif d'un matériau naturel. Si du verre dépoli est incorporé, on n'utilise que du verre de sécurité trempé.

(viii) Baignoires en fonte: Au cours de la fabrication, une couche épaisse d'émail au poudré est fondue sur la surface interne de la fonte chauffée au rouge. Mais ce processus établi de longue date peut produire des rides, des petites dépressions et des mouchetures à la surface, qui font en fait partie du caractère et de l'attraction de ce type de produit. Ceci est normal et prévu, et n'altère pas la performance de la baignoire.

(ix) Pressions en bars: La pression de service recommandée pour les robinets, mélangeurs et mitigeurs de douche varie de 0,3 à 5 bars. Si la pression est supérieure, il faudra incorporer un détendeur de pression dans le système.

(x) Carrelage: Vos carreaux ont été fabriqués pour simuler l'aspect (dimensions, forme, couleur, épaisseur, ton du vernissage) d'un carreau fait main et à cet titre, ils présentent tous un aspect différent les uns des autres. Afin d'obtenir un nuancier harmonieux, nous recommandons de prendre des carreaux provenant de plusieurs cartons différents pour votre application. Nous recommandons un joint de 3 mm pour donner la meilleure présentation esthétique. Utiliser uniquement des adhésifs et des joints imperméables. Pour toutes caractéristiques techniques complémentaires, et pour des instructions complètes pour l'installation des carrelages, veuillez contacter le bureau de vente au n° +44 19 22 74 30 74.

ENTRETIEN DE VOTRE SALLE DE BAINS

Sanitaires: Pour nettoyer la finition émaillée de vos sanitaires après usage, appliquer un peu de produit de nettoyage de type crème. L'appliquer avec une éponge

ou un chiffon humide, puis rincer soigneusement à l'eau du robinet. Éviter les produits de nettoyage contenant des matériaux abrasifs.

Robinetterie et accessoires dorés Antique Gold, chromés ou nickelés: Les nettoyer à l'eau chaude savonneuse, puis les sécher avec un chiffon doux. Il ne faut en aucun cas utiliser de javel ou de produits de nettoyage abrasifs, de polish ni de détergent sur les surfaces plaquées. À noter que si ces produits sont utilisés sur des articles nickelés ou dorés, la surface risque d'être endommagée.

Baignoires acryliques: Nettoyer ces baignoires avec des produits de nettoyage non abrasifs similaires.

Meubles sous vasque pour salles de bains, sièges et panneaux de baignoires: On peut les essuyer avec un chiffon humide, puis les sécher avec un chiffon sec doux. L'utilisation de polish contenant du silicone ou des matériaux abrasifs risque d'abîmer la finition du bois. Utiliser en très petite quantité les polish à cire naturelle avec un chiffon doux et sec.

Pierre / Marbre: Pour vous aider à les utiliser, chaque dalle de pierre / marbre est déjà pré-étanchéisée, mais il faut les entretenir à intervalles réguliers en prenant les précautions et en utilisant des produits d'étanchéisation appropriés. Nous avons utilisé un produit d'imprégnation spécial qui protège les surfaces en pierre naturelle absorbantes et sensibles aux taches de manière optimale. Il empêche essentiellement l'huile, les graisses et l'eau d'y pénétrer, et facilite toutes les autres opérations d'entretien. L'utilisation de produits d'entretien modernes et appropriés facilitera le processus de nettoyage et permettra aux surfaces en pierre de conserver un bel aspect plus frais. Nous recommandons de refaire le conditionnement de l'article acheté tous les trois mois ou tous les six mois selon l'intensité d'usage.

Carrelages: Pour nettoyer les carreaux, les laver à l'eau chaude dans laquelle on aura ajouté un détergent neutre, transparent et à faible teneur en sulfate. Après le nettoyage, bien les rincer à l'eau propre, puis les faire briller avec un chiffon propre, doux et sec.

POLITIQUE DE FABRICATION

1. La politique de The Imperial Bathroom Company est de poursuivre le perfectionnement continu de nos produits. Nous nous réservons le droit de modifier ou changer les caractéristiques / dimensions et prix sans préavis, et de retirer des articles / couleurs spécifiques sans préavis.
2. Dans cette brochure, la reproduction des couleurs est aussi exacte que le permettent les paramètres du processus de la photographie et de l'impression.
3. The Imperial Bathroom Company prend toutes les précautions pour s'assurer que les produits qu'elle vous fournit sont en parfait état. Toutefois, il faut contrôler les produits achetés afin de rechercher tout vice (ou dommage) de fabrication avant d'effectuer les travaux d'installation. Nous déclinons toute responsabilité pour tout défaut qui était visible avant ou s'est produit à la suite de l'installation.

GARANTIES (EXPORTATIONS)

1. La porcelaine vitrifiée fabriquée par The Imperial Bathroom Company est garantie vingt-cinq ans contre toute défaillance causée par un vice de fabrication.
2. Les robinets, mélangeurs, accessoires et mitigeurs de douche sont garantis un an contre tout vice de fabrication. Cette garantie exclut les surfaces plaquées et les pièces remplaçables qui sont soumises à un usage normal (ex. rondelles).
3. Les meubles pour salles de bains Imperial Bathrooms sont garantis un an contre tout vice de fabrication à partir de leur installation.
4. Toutes les baignoires Imperial Bathrooms sont garanties 5 ans contre tout vice de fabrication.
5. Tous les composants incorporés dans les systèmes de baignoires balnéo Hydro Jet Whirlpool sont garantis un an.
6. Tous les produits en pierre ou en marbre sont garantis un an contre tout vice de fabrication, mais ne sont pas garantis contre les taches / la décoloration.
7. Les carrelages sont garantis un an contre tout vice de fabrication, mais ne sont pas garantis contre les taches

/ la décoloration.

8. Les radiateurs ont une garantie de 2 ans pour tous problèmes de fabrication. Cela exclut tout problèmes de finitions, de plaquages et de système électrique.

RÉCLAMATIONS AUX TERMES DE LA GARANTIE IMPERIAL

Pour faire une réclamation aux termes de la garantie, il faut satisfaire aux conditions suivantes:

1. Accomplir la réclamation d'un justificatif d'achat.
2. Le produit doit avoir été installé conformément à nos instructions de fixation, aux normes EN et aux bonnes pratiques générales de plomberie.
3. Nous devons nous assurer que le produit a été entretenu et maintenu conformément à nos instructions d'entretien. Nous déclinons toute responsabilité pour la défaillance d'un produit si celui-ci a été modifié, a subi un usage négligent ou abusif ou a été délibérément ou accidentellement endommagé. Il doit avoir été utilisé uniquement dans le but pour lequel il est conçu.
5. Notre politique est de poursuivre le perfectionnement continu de nos produits. Si un produit est défaillant aux termes de la garantie et qu'un remplacement soit proposé, mais que des articles identiques ne soient plus disponibles, nous le remplacerons par l'article équivalent le plus proche.
6. Cette garantie ne s'applique qu'à son produit en question, et non pas à l'ensemble de la salle de bains.
7. Nous ne supporterons pas les coûts des réparations ni des remplacements si le défaut du produit est dû à l'un des cas suivants : dommage accidentel ou malveillant, usage abusive, négligence, usure générale, dommage dû à une mauvaise installation ou mauvais entretien, ou toute perte conséquente, si des modifications du produit ont été faites, si le produit n'a pas été utilisé uniquement dans le but pour lequel il est conçu, usage inapproprié.
8. Ces conditions sont régies par la législation de l'Angleterre et du Pays de Galles, et chaque partie accepte de se soumettre à la juridiction des tribunaux anglais.

9. Dans la mesure où cela est permis par la législation applicable, autre que la garantie explicite stipulée dans les présentes conditions, nous (ou tout autre fournisseur) ne faisons aucune garantie supplémentaire, explicite ou implicite, et rejetons toutes les garanties implicites, que ce soit en fait ou par l'exécution de la loi, des règlements ou autres, y compris les garanties ou conditions de qualité marchande ou de l'adéquation à un but particulier. Toutes les garanties qui ne peuvent pas être rejetées aux termes de la législation applicable sont limitées dans la durée à la période de garantie. Aucune garantie, explicite ou implicite, ne sera appliquée après cette période. Nous (ou tout autre fournisseur tiers) ne serons en aucun cas responsables de tous dommages spéciaux, indirects, secondaires ou conséquents, pertes, coûts ou dépenses, quelle que soit la manière dont ils sont survenus, que ce soit de nature contractuelle ou délictuelle, y compris et sans réserves, toutes pertes économiques de toutes sortes, toutes pertes ou tout dommage de la propriété, tous frais de main-d'œuvre pour la reprise du produit, toutes blessures, tout dommage ou toutes blessures découlant ou résultant d'un usage négligent ou abusif, ou de l'installation, l'intégration ou du fonctionnement incorrect(e) du produit. Nous n'assurons ni n'autorisons de tiers à assumer de responsabilité en rapport avec la réparation ou le remplacement du produit, et nous limitons toute réclamation à la valeur des marchandises de remplacement et non pas aux frais conséquents (comme par exemple, les frais de plomberie

10. La garantie n'est pas transférable et s'applique uniquement à l'acheteur / au revendeur original.

GUARANTEES, TERMS AND CUSTOMER CARE

Purchasing, installing and caring for your Imperial bathroom

DEUTSCH

Garantie- und Kundendienstbedingungen

BESTELLUNGEN / AUFTRÄGE

Alle Bestellungen / Aufträge müssen schriftlich per Fax (+44 1922 743180) oder E-Mail export@imperial-bathrooms.co.uk an Imperial aufgegeben werden. Leider können wir keine verbalen Bestellungen entgegen nehmen. Der Käufer muss bei Bestellaufgabe bestätigen, dass er über die Verkaufsbedingungen von Imperial informiert ist. Auftragsstornierungen können nur schriftlich (per Fax oder E-Mail) an das Verkaufsbüro erfolgen. Würde die Bestellung bereits versandt bzw. geliefert, fällt eine Aufstockungsgebühr von 30% an.

LIEFERUNG

Abhängig von Verfügbarkeit wird die Ware gewöhnlich innerhalb von 5 Werktagen aus unserem Lager versandt. Ist es nicht möglich, die vollständige Bestellung zu verschicken, versenden wir die Waren, sobald alle Artikel verfügbar sind. Sie werden von unserem Verkaufsbüro über Ihren Auftragsstatus informiert. Bei weiteren Fragen können Sie das Verkaufsbüro gerne unter +44 1922 743074 kontaktieren.

Enthält eine Lieferung schadhafte oder fehlende Artikel, müssen Sie das Verkaufsbüro innerhalb von 3 Werktagen nach Warenehalt schriftlich (per Fax oder E-Mail) davon in Kenntnis setzen. Werden Schäden oder fehlende Artikel nicht innerhalb dieser Zeitperiode angegeben, verfällt der Anspruch.

WARENRÜCKGABE

Ohne Genehmigung ist eine Warenrückgabe an Imperial nicht möglich. Bitte informieren Sie das Verkaufsbüro. Sie erhalten eine Retourware-Genehmigungsnummer und werden nun von Imperial kontaktiert, um eine Warenrücknahme zu vereinbaren.

BEDINGUNGEN & KUNDENTEN

Sie erhalten unsere Bedingungen und Konditionen in unserem Verkaufsbüro. Diese Bedingungen und Konditionen unterliegen englischem und walisischem Recht, und alle Parteien unterziehen sich englischer Gerichtsbarkeit.

Kaufvertrag und Empfehlungsschreiben von Imperial enthalten zusätzliche Bedingungen.

INSTALLATION & TECHNISCHE DATEN

Wir empfehlen, den Kauf unserer Produkte mit Hilfe eines Badezimmer-Fachhändlers vorzunehmen und die Installation stets von einem Fachinstallateur eines anerkannten Fachverbandes durchführen zu lassen. Ein Fachhandel-Verzeichnis ist über unser Verkaufsbüro erhältlich, und viele Fachhändler mit Schauräumen der Imperial Produktpalette bieten zudem einen vollständigen Design- und Installationsdienst an. Sanitaryware-Produkte von Imperial Bathrooms werden nach strengsten Normen hergestellt, und jeder Teil kann während der Produktion bis zu 15 Qualitätskontrollprüfungen unterzogen werden. Trotz der hochwertigen Verarbeitung, die im Imperial-Werk erreicht wird, unterliegen Sanitaryware-Produkte den Beschränkungen des Keramik-Herstellungsprozesses. Anders als maschinelle Erzeugnisse, können sich Produkte aus natürlichem Ton während des Brennens verlagern oder schrumpfen und es können, da dieser Prozess nicht vollständig kontrolliert werden kann, geringe Veränderungen in der Formbeständigkeit fertiger Erzeugnisse vorkommen. Diese sind meist nicht bemerkbar und haben keine merklichen Auswirkungen auf die Installation oder das Aussehen des fertigen Badezimmers, daher sind leichte Abweichungen zu erwarten und können als normal betrachtet werden.

Für weitere technische Informationen und Abmessungen besuchen Sie bitte www.imperialtechspec.com oder kontaktieren Sie unser Verkaufsbüro unter +44 1922 743074.

Vor installation sollten alle produkte geprüft werden.

(i) **Größen** - Alle Größenangaben in dieser Broschüre sind Nennwerte. Tatsächliche Keramikgrößen können zwischen + und - 2% von den Zahlen im technischen Datenblatt abweichen. Bei Planung einer Installation, wo Abmessungen entscheidend sind, ist eine physische Überprüfung des für einzelne Teile bemessenen Abstands mit dem zu installierenden Produkt unerlässlich.

(ii) **Holzpolituren** - Alle natürlichen Holzpolituren reifen mit dem Alter. Farben können von Partie zu Partie bzw. von Panel zu Panel leicht variieren. Bei der Montage zusätzlicher Artikel zu einem späteren Zeitpunkt ist daher eine präzise Farbübereinstimmung nicht immer möglich.

(iii) **Halbporzellan** - Diese überaus harten, nicht porösen Produkte sind zudem zerbrechlich, und sollten daher während der Installation keinem übermäßigen Druck ausgesetzt werden. Waschbeckenablaufbringe können, wenn zu fest angezogen, zu Druck im Keramikmaterial und mit der Zeit zu Produktversagen führen. Ablaufbringe sollten stets sorgfältig in Silikon gebettet, und die rückwärtige Mutter sollte mit der Hand festgezogen werden. Eine zusätzliche Viertelrehmung mit einem geeigneten Schraubenschlüssel ist gewöhnlich für den benötigten wasserdichten Verschluss ausreichend. Auch die Montage von Messingzubehör sollte mit Sorgfalt vorgenommen werden, um ähnliches, durch zu großen Druck verursachtes Produktversagen zu vermeiden.

(iv) **Spülkästen** - Alle WC-Pfannen und Spülkästen von Imperial Bathrooms spülen der europäischen Norm entsprechend mit 6 Litern.

(v) **Acrylbadewannen** - Maßangaben für Acrylbadewannen sind Nennwerte, meist abhängig vom Ausmaß an Detail, das in das Design aufgenommen wurde. Vor Installation sollten alle Badewannen sorgfältig geprüft werden.

(vi) **Vernickelung / Vergoldung** - Alle Produkte in Antikgold- oder Nickelauflage wurden in Großbritannien gefertigt, und die Metallaufgabe entspricht der britischen und europäischen Norm für die entsprechenden Produkte. Diese Artikel sind nur über Sonderbestellung erhältlich und können von Imperial nicht zu rückgeben werden.

(vii) **Möbel** - Badezimmermöbel von Imperial Bathrooms werden aus einer Kombination aus Vollholz und Holzfurnier hergestellt. Alle angegebenen Größen sind Nennwerte, die gegenüber dem tatsächlichen Produkt geprüft werden sollten. Das verwendete Nutzholz stammt von erneuerbaren Ressourcen, und obwohl die Herstellung von Holzprodukten mit größter Sorgfalt vorgenommen wird, sind Variationen in Farbe und Maserung zwischen einzelnen Stücken unvermeidlich. Bei der Verwendung natürlicher Rohstoffe tragen diese zweifelslos zu deren Schönheit und einzigartigen Wirkung bei. Ist Matgläs das Merkmal, wird nur gehärtetes Sicherheitsglas verwendet.

(viii) **Badewannen aus Gusseisen** - Während der Herstellung wird die innere Oberfläche des rotglühenden Gusseisens mit einer dicken Emailbeschichtung verschmolzen. Dieser bewährte Prozess kann jedoch Wellen, kleine Vertiefungen und Flecken auf der Oberfläche produzieren, die zum Teil Charakter und Reiz dieser Art Produkt ausmachen, als normal bezeichnet werden können und zu erwarten sind. Die Leistung der Badewanne ist davon in keiner Weise betroffen.

(ix) **Wasserdruck** - Der empfohlene Wasserdruck für Wasserhähne, Misch- und Duscharmaturen beträgt zwischen 0,3 und 5 Bar. Ist der Druck höher, sollte ein Druckminderventil in das System integriert werden.

(x) **Fliesen** - Ihre Fliesen wurden hergestellt, um das Aussehen (Größe, Form, Farbe, Dicke, Farblinien der Glasur) einer handgemachten Fliese zu simulieren, und daher gleiche kleine Fliese vollständig der anderen. Für die beste Zusammenstellung empfehlen wir, beim Verlegen die Fliesen jeweils verschiedenen Kartons zu entnehmen. Das beste Aussehen wird mit einer 3 mm breiten Fugenlinie erreicht. Es empfiehlt sich, nur wasserfesten Kleber und Fugenmasse zu verwenden. Weitere technische Daten sowie zusätzliche Installationsanweisungen für Fliesen erhalten Sie in unserem Verkaufsbüro unter +44 1922 743074.

WARTUNG IHRES BADEZIMMERS

Sanitaryware - der Glanz-Finish Ihrer Sanitaryware sollte nach Gebrauch mit ein wenig Creme-Reiniger gesäubert werden. Tragen Sie den Reiniger mit einem Schwamm oder feuchten Tuch auf und spülen Sie ihn gründlich mit klarem Wasser ab. Von der Verwendung von Scheuermitteln wird abgeraten. Antikgold-, chrom- oder nickelplattiertes Messingzubehör

und Wasserhähne sollten mit warmem Wasser und ein wenig mildem Reinigungsmittel gesäubert und mit einem weichen Tuch getrocknet werden. Unter keinen Umständen sollten chlorbleichhaltige Reinigungs- oder Scheuermittel oder -polituren auf metallüberzogene Oberflächen aufgetragen werden. Dies gilt besonders für vergoldete oder vernickelte Artikel, da diese Art von Reinigern die Oberfläche beschädigen könnte.

Acrylbadewannen sollten mit ähnlich milden Reinigern (keinen Scheuermitteln) gesäubert werden.

Badezimmerunterschänke, WC-Deckel und Badewannenverkleidungen können mit einem feuchten Tuch gesäubert und mit einem weichen Staubtuch getrocknet werden. Silikonhaltige Poliermittel und alle Scheuermittel können die Holzpolitur beschädigen. Natürliches Wachs sollte sparsam mit einem weichen trockenen Tuch aufgetragen werden.

Stein / Marmor - Für optimale Verwendung wurde jedes Stück Stein / Marmor bereits voimprägniert, bedarf jedoch regelmäßiger Wartung mit entsprechenden Pflege- und Imprägnierungsprodukten. Wir benutzen eine Spezialimprägnierung, die absorbierende, fleckempfindliche Natursteinoberflächen optimal schützt. Sie verhindert weitgehend das Eindringen von Öl, Fett und Wasser und erleichtert künftige Pflege. Die Verwendung der richtigen Dauerpflegeprodukte erleichtert den Reinigungsprozess und lässt Ihre Steinoberflächen stets frisch und natürlich aussehen. Wir empfehlen je nach Verwendung eine viertel- oder halbhalbjährliche Neubehandlung Ihres Naturstein- bzw. Marmorprodukts.

Fliesen sollten mit warmem Wasser, dem ein neutrales, klares schwefelarmes Reinigungsmittel beigefügt wurde, abgewaschen werden. Nach der Reinigung gründlich mit sauberem Wasser abspülen und einem weichen Tuch trocken.

PRODUKTIONSRICHTLINIE

1. Die Richtlinie der Imperial Bathroom Company umfasst stetige Veränderung zum Besseren. Wir behalten uns daher das Recht vor, Spezifikationen bzw. Abmessungen ohne Vorankündigung zu ändern oder zu ergänzen, und bestimmte Artikel bzw. Farben ohne Vorankündigung aus dem Produktsortiment zu entfernen.

2. Die Farbproduktion in dieser Broschüre ist so genau, wie es die unterschiedlichen Faktoren im Fotografie- und Druckprozess erlauben, daher können bestimmte Farben vom tatsächlichen Produkt etwas abweichen.

3. Wir arbeiten mit größter Sorgfalt daran, dass die von der Imperial Bathroom Company gelieferten Produkte in perfektem Zustand bei Ihnen eintreffen. Ihr Kauf sollte jedoch vor Durchführung jeglicher Installationsarbeiten nach Fertigungsfehlern (oder Schäden) geprüft werden. Für augenscheinliche Mängel vor oder aufgetretene Schäden während der Installation können wir keine Verantwortung übernehmen.

GARANTIE (EXPORT)

1. Halbporzellanerzeugnisse der Imperial Bathrooms Company führen eine Garantie von fünfundzwanzig Jahren gegen Produktversagen durch Fertigungsfehler.

2. Imperial Wasserhähne, Accessoires, Misch- und Duscharmaturen sind ein Jahr gegen Fertigungsfehler garantiert. Metallüberzogene Oberflächen und Ersatzteile, die normalem Verbrauch unterliegen (z. B. Dichtungsringe), sind in dieser Garantie nicht enthalten.

3. Unterschänke von Imperial Bathrooms sind gegen Herstellungsfehler ein Jahr ab Einbaudatum garantiert.

4. Alle Imperial Bathrooms Badewannen führen eine fünfjährige Garantie gegen Fertigungsfehler.

5. Alle integrierten Teile eines Hydro Jet Whirlpool Systems führen eine Garantie von einem Jahr.

6. Alle Stein- und Marmorprodukte sind ein Jahr gegen Herstellungsfehler garantiert, jedoch nicht gegen Verschmutzung oder Verfärbung.

7. Fliesen führen eine einjährige Garantie gegen Herstellungsfehler, jedoch nicht gegen Verschmutzung oder Verfärbung.

INANSPRUCHNAHME DER IMPERIAL-GARANTIE

Um die Garantie in Anspruch zu nehmen, müssen folgende Bedingungen erfüllt sein:

1. Zum Zeitpunkt des Garantieanspruchs sollte ein Kaufnachweis vorgelegt werden.
2. Das Produkt sollte unserer Anleitung und der europäischen Norm entsprechend nach bewährter Installationsmethode eingebaut worden sein.
3. Wir müssen sicherstellen, dass das Produkt unseren Pflegeanleitungen gemäß gewartet und gepflegt wurde. Für das Versagen eines Produktes, das umgebaut, zu falschen Zwecken verwendet, vernachlässigt oder vorsätzlich oder versehentlich beschädigt wurde, können wir keine Verantwortung übernehmen. Es muss ausschließlich zu dem ihm zugeschriebenen Design-Zweck verwendet worden sein.
4. Wir benötigen angemessene Möglichkeit, das installierte Produkt zu inspizieren. Auch entfernt sollte das Produkt zur Inspektion aufbewahrt werden.
5. Unsere Richtlinie umfasst stetige Veränderung zum Besseren. Kann es zu Produktversagen unter den Garantiebedingungen und einem Ersatzenspruch, und ein identisches Produkt ist nicht mehr verfügbar, erhalten Sie von uns ein entsprechendes Äquivalent.
6. Diese Garantie gilt ausschließlich für das besagte Produkt, nicht für das gesamte Badezimmer.

7. Wir tragen Reparatur- bzw. Ersatzkosten nicht, wenn ein Produktfehler aus folgenden Gründen vorliegt: Versehentliche oder vorsätzliche Beschädigung, ungeeignete Verwendung, Vernachlässigung, allgemeine Abnutzung, Beschädigung auf Grund schlechter Installation, Wartung oder Folgeschäden, wo Änderungen an dem Produkt vorgenommen wurden, wo das Produkt nicht ausschließlich zu dem ihm zugeschriebenen Zweck verwendet wurde, ungeeignete Verwendung.

8. Diese Bedingungen und Konditionen unterliegen englischem und walisischem Recht, und alle Parteien akzeptieren die englische Gerichtsbarkeit.

9. Soweit gesetzlich zulässig geben wir (oder jeder weitere Drittleiferant) neben der in diesen Bedingungen und Konditionen dargelegten ausdrücklichen Garantie keine weiteren Gewährleistungen, weder ausdrücklich noch stillschweigend, und lehnen alle implizierten Gewährleistungen, tatsächlich oder durch unmittelbare Wirkung des Gesetzes, gesetzlich oder anders vorgeschrieben, einschließlich aller Marktängigkeitsgarantien oder -bedingungen sowie Tauglichkeit für einen bestimmten Zweck ab. Alle Gewährleistungen, die unter entsprechend anwendbaren Gesetzen nicht abgelehnt werden können, sind auf die entsprechende Garantieperiode begrenzt. Nach Ablauf dieser Zeitperiode treffen keine Garantien, weder ausdrücklich noch stillschweigend, zu. Wir (oder jeder Drittleiferant) haften in keiner Weise für irgendwelche mittelbaren, Sonder-, Neben- oder Folgeschäden, für weder vertraglich, schadensrechtlich noch anderweitig entstandene Aufwandsverluste oder Unkosten, einschließlich und ohne Einschränkung alle Vermögensseinbußen jeder Art, Vermögensschäden, durch Neuinstitution entstandene Arbeitskosten, alle Körperschäden, sowie für Schäden oder Körperverletzung, welche durch Missbrauch, inkorrekte Installation, Integration oder Betrieb des Produktes entstehen. Wir übernehmen weder selbst noch genehmigen wir Dritten die Haftungsübernahme in Verbindung mit Reparaturen oder Ersatzprodukten zu akzeptieren und wir beschränken alle Ansprüche ausschließlich auf den Wert der Ersatzware und nicht auf irgendwelche daraus hervorgehenden Folgeschäden (z. B. Installationskosten).

10. Die Garantie ist nicht übertragbar und gilt nur für den ursprünglichen Käufer bzw. Einzelhändler.

ESPAÑOL

Garantías y servicio de atención al cliente, términos y condiciones

PEDIDOS DE VENTA

Todos los pedidos deben enviarse a Imperial por fax (+44 1922 743074) o bien por correo electrónico a export@imperial-bathrooms.co.uk. Lamentablemente, no podemos aceptar pedidos orales. Al colocar el pedido, el Comprador debe aceptar que conoce los Términos y Condiciones de Venta de Imperial. La Cancelación de Pedidos debe hacerse por escrito (por fax o por correo electrónico) y enviarse a la oficina de ventas. Si el pedido ya ha sido despachado, o si ha sido entregado, se aplicará un cargo de devolución de 30%.

ENTREGA

Sujeto a la disponibilidad de existencias, esperamos poder despachar los productos de nuestros almacenes dentro de un período de 5 días hábiles. Si no podemos despachar el pedido por entero, despacharemos los productos faltantes al momento en que los tengamos disponibles. La oficina de Ventas le mantendrá informado del estado de su pedido, y si tiene alguna consulta, le rogamos llamar a la oficina de ventas al +44 1922 743074.

En el caso de productos faltantes o dañados al momento de la entrega, deberá informar a la oficina de ventas por escrito, dentro de un período de 3 días hábiles a partir de la entrega de los productos (por fax o por correo electrónico). De no hacerse esto dentro del período indicado, el reclamo quedará invalidado.

DEVOLUCIONES

Ningún producto puede devolverse a Imperial sin su previa autorización. Le rogamos informar toda devolución a la oficina de ventas, u obtener un Número de Autorización de Devolución de Material. A continuación, Imperial se comunicará con usted para hacer los arreglos pertinentes para la devolución del producto.

TÉRMINOS Y CONDICIONES

Sírvase comunicarse con la oficina de Ventas para obtener una copia de nuestros Términos y Condiciones. Estos Términos y condiciones están regidos por las leyes de Inglaterra y Gales, y todas las partes se someten a la jurisdicción de las Cortes Inglesas.

Otras condiciones también se establecen en nuestro Contrato de Venta y carta de introducción de Imperial

INSTALACIÓN Y ESPECIFICACIONES TÉCNICAS

Recomendamos la compra de todos los productos con la asistencia de un minorista especializado en sanitarios, y que tales siempre sean instalados por un técnico experimentado, miembro de una asociación de fontaneros reconocida. Nuestra oficina de ventas podrá suministrarle una lista de los minoristas de sanitarios, y muchos de los minoristas que trabajan con nuestras líneas de productos pueden ofrecer un completo servicio de diseño e instalación. Los productos sanitarios de Imperial Bathrooms se fabrican según las normas más exigentes, y cada pieza puede estar sujeta a hasta 15 controles de calidad independientes durante su producción. A pesar del acabado de alta calidad logrado en la fábrica de Imperial, todos los artículos sanitarios están sujetos a las limitaciones del proceso de fabricación de cerámica. A diferencia de los productos terminados a máquina, los productos a base de arcilla natural se encogen y desplazan durante su cocción, y dado que este proceso no puede controlarse de lleno, se producen variaciones menores en la estabilidad dimensional de los productos terminados. En la mayoría de los casos, esto no se nota, y no tiene efecto significativo en la instalación o en el aspecto del baño terminado, pero en todo caso, estas variaciones son normales, y de esperar.

Para información técnica adicional y dimensiones, consulte www.imperialtechspec.com o comuníquese con la oficina de ventas al +44 1922 743074

Todos los productos deben inspeccionarse previo a su instalación.

(i) Medidas: Todas las medidas detalladas en este catálogo son nominales. Las dimensiones reales de las cerámicas varían en +/- 2% respecto de las cifras citadas en nuestros datos técnicos. Al planificar instalaciones en las cuales las dimensiones son asunto

crítico, es esencial que el espacio previsto para los artículos individuales sea verificado físicamente contra los productos a instalar.

(ii) Acabado en madera: Todos los acabados en madera natural maduran con el tiempo, y los colores pueden variar levemente entre los distintos lotes, o entre los distintos paneles. Por consiguiente, no siempre es posible lograr una concordancia de color precisa cuando se añaden con posterioridad artículos adicionales.

(iii) Porcelana vitrificada: Estos son productos extremadamente sólidos y no porosos, pero también quebradizos, y por lo tanto, no deben someterse a grandes presiones durante su instalación. Si se ajustan en exceso los accesorios de desagüe del lavabo, esto puede ocasionar la fatiga del material cerámico, con el posterior fallo del producto. Los accesorios de desagüe deben apoyarse sobre silicona, y la tuerca posterior debe ajustarse a mano. Un cuarto de giro adicional con una llave adecuada basta para crear el sello hermético necesario. También debe tenerse cuidado al instalar broncería, a fin de evitar fallos similares a causa de fatiga.

(iv) Agua en la cisterna: Todos los WC y cisternas de Imperial Bathrooms WC utilizan 6 litros de agua, de conformidad con las Normas EN Europeas

(v) Bañeras de acrílico: Las medidas de las bañeras de acrílico son nominales, y las dimensiones finales a menudo dependen del grado de detalle incorporado en el diseño. Todas las bañeras deben inspeccionarse minuciosamente previo a su instalación.

(vi) Enchapado en oro y en níquel: Todos los artículos con acabado en Níquel u Oro Antiguo han sido enchapados en el Reino Unido, y el enchapado cumple con las Normas Británicas y Europeas en relación con este tipo de productos. Estos artículos se hacen a pedido especial y no pueden ser devueltos a Imperial.

(vii) Mobiliario: Los muebles de Imperial Bathrooms se producen a partir de una combinación de madera maciza y paneles enchapados en madera, y todas las medidas detalladas son nominales, y deben verificarse contra el producto en sí. La madera empleada se obtiene de fuentes renovables, y si bien se toman todas las precauciones durante la fabricación de los productos de madera, es inevitable que se produzcan variaciones en tono y veta entre las distintas piezas. De hecho, esto es parte de la belleza y exclusivo atractivo del uso de materiales naturales. En los productos que incorporan cristal esmerilado, sólo se utiliza cristal de seguridad templado.

(viii) Bañeras de hierro fundido: Durante la fabricación se utiliza una gruesa capa de esmalte en polvo que se fusiona a la superficie interna de hierro fundido caliente. Este largamente establecido proceso puede, sin embargo, producir ondulaciones, hoyuelos y motas en la superficie, que forman parte del carácter y atractivo de este tipo de producto, y es normal y de esperar. No obstante, esto no afecta en absoluto en rendimiento de la bañera.

(ix) Presiones en bares: La presión de operación recomendada para las válvulas de los grifos, mezcladores, y duchas es de 0,3 a 5 bares. Si la presión es superior, deberá incorporarse al sistema una válvula reductora de presión.

(x) Azulejos: Los azulejos se fabrican para imitar el aspecto (tamaño, forma, color, espesor, tono de vidriado) de un azulejo hecho a mano, y, como tales, todos tienen aspecto diferente entre sí. A fin de lograr la mejor combinación, recomendamos usar azulejos provenientes de diversas cajas durante la aplicación. También recomendamos que lo mejor es dejar una separación de 3mm para la pastina. Sólo utilice adhesivos y pastinas a prueba de agua. Para Datos Técnicos Adicionales, y para instrucciones de instalación adicionales para los Azulejos, le rogamos comunicarse con nuestra oficina de ventas al +44 1922 743074

CUIDADO DE SU SALA DE BAÑO

Sanitarios: El acabado vitreo de sus Sanitarios debe limpiarse tras el uso mediante la aplicación de un poco de crema de limpieza. Aplíquelo con una esponja o paño húmedo, y enjuague bien con agua limpia. Debe evitarse los artículos de limpieza que contengan abrasivos.

Broncería y grifos en Níquel, Cromado u Oro Antiguo: Deben limpiarse con agua jabonosa y secarse con un paño seco. Bajo ninguna circunstancia debe usarse lejía o productos de limpieza abrasivos, lustres, o detergentes sobre las superficies enchapadas, y en particular, estos materiales nunca deben emplearse con los productos enchapados en Níquel u Oro, ya que la superficie podría resultar dañada.

Bañeras de acrílico: Deben limpiarse utilizando productos de limpieza similares no abrasivos.

Mobiliario para baño, tapas para WC y paneles para bañera: pueden limpiarse con un paño húmedo, y secarse con un paño suave. El uso de lustres que contengan silicona o cualquier material abrasivo puede dañar el acabado de la madera. Los lustres de cera natural deben usarse con poca frecuencia, y aplicarse con un paño suave y seco.

Piedra / Mármol: A fin de facilitar su uso, cada pieza de piedra/mármol ha sido presellada, pero requiere mantenimiento regular con productos de cuidado y sellado apropiados. Usamos una impregnación especial que aporta una óptima protección a las superficies de piedra natural absorbentes y susceptibles a manchas, que previene en gran medida la penetración de aceite, grasas, y agua, y facilita el mantenimiento adicional. El uso constante de los productos de cuidado correctos simplificará el proceso de limpieza, y mantendrá el fresco aspecto de todas las superficies de piedra. Recomendamos volver a tratar los productos cada cuatro o seis meses, dependiendo del uso.

Azulejos: Deben lavarse con un detergente neutral, transparente, de bajo contenido de sulfatos, disuelto en agua tibia. Tras la limpieza, enjuagar bien con agua limpia, y secar con un paño suave y seco.

POLÍTICA DE FABRICACIÓN

- Imperial Bathroom Company tiene una política de continua mejora de sus productos. En consecuencia, nos reservamos el derecho de alterar o enmendar las especificaciones/dimensiones y precios sin previo aviso, y también de retirar del mercado artículos/ colores específicos sin aviso previos.
- La reproducción de color en este catálogo tiene la precisión permitida por las variables de los procesos fotográficos y de imprenta, y los colores específicos pueden variar de los colores de los productos en sí.
- Se han tomado todos los cuidados para asegurar que los productos abastecidos por Imperial Bathroom Company lleguen a usted en perfecta condición. No obstante, todas las compras deben ser inspeccionadas en caso de que presenten defectos (o daños) de fabricación antes de iniciar los trabajos de instalación. No podemos aceptar responsabilidad por ningún defecto evidente antes o producido después de la instalación.

GARANTÍAS (EXPORTACIÓN)

- La porcelana vitrea fabricada por Imperial Bathroom Company tiene una garantía de Veinticinco Años respecto de fallos que se produzcan a raíz de un defecto de fabricación.
- Los grifos, mezcladores, accesorios, y válvulas para ducha están garantizados contra defectos de fabricación por Un Año, y esto excluye las superficies enchapadas y las piezas reemplazables que están sujetas a uso normal, por ej., arandelas.
- El mobiliario para sala de baño de Imperial Bathrooms está garantizado contra defectos de fabricación por un período de Un Año a partir de su instalación.
- Todas las bañeras de Imperial Bathrooms tienen una garantía de CINCO AÑOS contra defectos de fabricación.
- Todos los componentes que forman parte de los sistemas Hydro Jet Whirlpool están garantizados por Un Año.
- Todos los productos de piedra y mármol tienen una garantía de Un Año contra defectos de fabricación, y no están garantizados contra decoloración o manchas.
- Los azulejos tienen una garantía de Un Año contra defectos de fabricación, y no están garantizados contra decoloración o manchas.

PARA EFECTUAR UN RECLAMO BAJO LA GARANTÍA DE IMPERIAL

A fin de efectuar un reclamo bajo la garantía se deberán cumplir primero las siguientes condiciones:

- Al momento del reclamo deberá proveerse un comprobante de compra.
- El producto tiene que haber sido instalado de conformidad con nuestras instrucciones de instalación, Normas EN, y buenas prácticas de fontanería.
- Debemos asegurarnos que el producto haya sido mantenido y cuidado de conformidad con nuestras Instrucciones para el Cuidado. No podemos aceptar responsabilidad por el fallo de un producto que haya sido modificado, usado indebidamente, descuidado, o dañado a propósito o accidentalmente. Debe también haber sido utilizado para el solo fin para el cual fue diseñado.
- Se nos debe brindar oportunidad razonable para inspeccionar el producto en su posición instalada. En caso de quitar el producto, tal debe guardarse para su inspección.
- Tenemos una política de constante mejora de nuestros productos. Si el producto ha fallado bajo los términos de la garantía, y se ofrece un reemplazo, pero ya no disponemos de productos idénticos, el producto será reemplazado por el equivalente más cercano.
- Esta garantía sólo se aplica al exclusivo producto en cuestión, y no a la totalidad del juego de baño.
- No nos haremos cargo del costo de reparaciones o reemplazos en los casos en que el fallo del producto se deba a los siguientes: Uso accidental o malicioso, Uso indebido, Negligencia, Desgaste general, Daños debido a una mala instalación, o Mal servicio o pérdida consiguiente. Cuando se hayan efectuado modificaciones al producto, Cuando el producto no haya sido usado para su exclusivo uso, Uso apropiado.
- Estos términos y condiciones están regidos por las leyes de Inglaterra y Gales, y todas las partes se someten a la jurisdicción de las Cortes Inglesas.
- En la medida en que lo permite la ley aplicable, más allá de la garantía expresa establecida en estos términos y condiciones (o las de cualquier otro tercero proveedor), no otorgamos garantías adicionales, ya sea expresas o implícitas, y rechazamos toda garantía implícita, ya sea de hecho o por aplicación de la ley, estatuida o de cualquier otro modo, incluyendo las garantías o condiciones de comerciabilidad y aptitud para el uso en particular. Toda garantía no denegada bajo la ley aplicable se limita en duración al período de garantía. Ninguna garantía, ya sea expresa o implícita, se aplicará una vez caducado este período. De ningún modo nuestra empresa (ni ningún tercero proveedor) será responsable por ningún daño especial, indirecto, incidental, o consiguiente, pérdidas, costes o gastos, cualquiera sea su razón, ya sea contractual o extracontractual, incluyendo, sin restricciones, toda pérdida económica de cualquier tipo, toda pérdida o daño a la propiedad, todo costo de mano de obra para la reinstalación del producto, toda lesión personal, todo daño o lesión que se deba o sea el resultado del uso indebido o abuso, o de la incorrecta instalación, integración u operación del producto. No aceptamos ni autorizamos a ninguna otra persona a aceptar ninguna responsabilidad en relación con la reparación o reemplazo del producto, y limitamos el valor de todo reclamo al reemplazo de los productos, sin incluir ningún cargo consiguiente (tal como los gastos de fontanería).
- La garantía es intransferible y sólo se aplica al comprador / vendedor originales.

Para obtener planos y dimensiones, consulte nuestro sitio web técnico en www.ImperialTechSpec.com

GUARANTEES, TERMS AND CUSTOMER CARE

Purchasing, installing and caring for your Imperial bathroom

РУССКИЙ ЯЗЫК

Гарантии и обслуживание клиентов.
Положения и условия

Заказы клиентов

Все заказы необходимо направлять в компанию Imperial по факсу +44 1922 743180 или по электронной почте HYPERLINK *mailto:export@imperial-bathrooms.co.uk. К сожалению, компания не может принимать устные заказы. При размещении заказа Покупатель должен подтвердить, что он знаком с Положениями и условиями продажи, действующими в компании Imperial. Аннулирование заказов осуществляется путем отправки письменного уведомления (по факсу или электронной почте) в отдел продаж. Если заказ был уже отгружен или доставлен, то применяется штраф за возврат неиспользованного товара в размере 30%.

Доставка

При наличии товара на складе компания должна быть в состоянии доставить его в течение пяти рабочих дней. Если мы не можем отгрузить заказ в полном объеме, мы будем отправлять изделия по мере их доступности. Отдел продаж будет информировать Вас о статусе выполнения Вашего заказа, а если у Вас возникнут какие-либо вопросы, то позвоните, пожалуйста, в отдел продаж по телефону +44 1922 743074.

Если поставленный заказ имеет недостающие или поврежденные изделия, то Вы должны сообщить об этом отделу продаж (по факсу или электронной почте) в течение трех рабочих дней с момента получения товара. Несообщение этой информации в указанный период лишает более поздние претензии юридической силы.

Возврат

Возврат каких-либо товаров компании Imperial осуществляется только на основании разрешения с ее стороны. Сообщите, пожалуйста, отделу продаж о возврате и получите номер Разрешения на возврат товара. После этого представитель Imperial свяжется с Вами, чтобы оговорить условия возврата товаров.

Положения и условия

Свяжитесь, пожалуйста, с отделом продаж, чтобы получить экземпляр наших Положений и условий. Данные положения и условия регулируются законодательством Англии и Уэльса, и каждая из сторон обязуется подчиняться юрисдикции английских судов.

Другие условия изложены в Договоре о продаже и в письме-представлении компании Imperial.

Установка и технические характеристики Мы рекомендуем, чтобы все изделия покупались в специализированном предприятии розничной торговли изделиями для ваннх комнат и всегда устанавливались опытным специалистом, который является членом признанной ассоциации сантехников. Список таких предприятий розничной торговли можно получить в нашем отделе продаж. Многие предприятия, демонстрирующие ассортимент изделий компании Imperial, предлагают полный сервис в области дизайна и установки. Сантехнические изделия компании Imperial

Bathrooms изготавливаются с соблюдением самых жестких стандартов, и каждое из изделий в процессе производства может подвергаться различным проверкам качества до 15 раз. Тем не менее, несмотря на высокий уровень качества производства, достигнутый на заводе компании Imperial, на все сантехнические изделия распространяются ограничения, присущие процессу производства керамических изделий. В отличие от изделий, полученных путем механической обработки, изделия из натуральной глины подвержены усадке и деформации при обжиге, и поскольку полностью контролировать такой процесс невозможно, то готовые изделия имеют небольшие отклонения в своих размерах. В большинстве случаев это не заметно и не оказывает значительного влияния на установку или на внешний вид ванной, но в любом случае такие отклонения являются нормальными и ожидаемыми.

Дополнительную техническую информацию и размеры можно узнать, посетив сайт www.imperialtechspec.com, или позвонив в отдел продаж по телефону +44 1922 743074.

Перед установкой все изделия должны пройти осмотр.

(i) Размеры. В данной брошюре приведены номинальные размеры. Фактические размеры керамических изделий могут варьироваться в пределах +/- 2% по отношению к размерам, указанным в нашей технической документации. Если установка планируется в месте, где размеры имеют критическое значение, то рекомендуется физически проверить, помещаются ли конкретные изделия в отведенном для них пространстве.

(ii) Отделка деревянных поверхностей. Внешний вид всех деталей из натуральной древесины может меняться со временем, а цвет может слегка варьироваться от партии к партии или от панели к панели. Поэтому добиться точного соответствия цвета в тех случаях, когда некоторые дополнительные изделия поставляются позже, не всегда представляется возможным.

(iii) Сантехнический фарфор. Это исключительно твердые непористые изделия, которые также являются хрупкими и поэтому не должны подвергаться воздействию механических напряжений во время установки. Фитинги, подсоединяемые к стоку ванн, при чрезмерном затягивании создают в керамическом материале напряжения, которые со временем могут привести к разрушению изделия. Присоединительные фитинги нужно тщательно изолировать силиконовыми прокладками, а зажимную гайку следует затягивать вручную. После этого для создания необходимого герметичного соединения достаточно будет дополнительно подтянуть гайку на четверть оборота с помощью подходящего гаечного ключа. Также необходимо проявлять осторожность при установке изделий из меди для предотвращения аналогичных поломок, обусловленных напряжением.

(iv) Смывной бачок. Все унитазы и сливные бачки компании Imperial Bathrooms рассчитаны на слив объема в 6 литров, что соответствует требованиям европейских стандартов EN.

(v) Акриловые ванны. Указанные размеры акриловых ванн являются номинальными, конечные размеры часто зависят от количества деталей в конструкции. Перед установкой все ванны должны быть тщательно осмотрены.

(vi) Золочение и никелировка. Нанесение металлизированных покрытий на все изделия со старинной позолотой или никелировкой осуществляется в Великобритании в соответствии с британскими и европейскими стандартами для соответствующих изделий. Такие изделия, выполненные на заказ, не подлежат возврату в компанию Imperial.

(vii) Мебель. Мебель компании Imperial Bathrooms изготавливается как из массивной древесины, так и из древесного шпона, при этом все указанные размеры являются номинальными и их следует проверять на конкретном изделии. Используемый лесоматериал поставляется из возобновляемых источников, и, хотя при изготовлении прилагаются все усилия для обеспечения единообразия, между отдельными изделиями минимумо будут существовать различия в цвете и текстуре, которые, на самом деле, являются одним из аспектов красоты и уникальной привлекательности использования природных материалов. Для изделий, содержащих стекло, декорированное «под мрамор», используется только упрочненное бесосколочное стекло.

(viii) Чугунные ванны. Во время изготовления на внутреннюю поверхность раскаленной докрасна чугунной ванны наплавляется толстый слой порошковой эмали. Однако этот давно применяемый процесс может приводить к образованию на поверхности яряби, а также крохотных ямочек и пятнышек, которые присущи такому виду изделия, являются для него нормальными и ожидаемыми и даже повышают его привлекательность, но не влияют на эксплуатационные качества ванны.

(ix) Рабочее давление. Рекомендуемое рабочее давление для кранов, смесителей и душевых вентилей составляет от 0,3 бар до 5 бар. Если фактическое давление превышает указанные значения, то в системе необходимо установить понижающий давление вентиль.

(x) Плитка. Плитка изготавливается так, чтобы своим внешним видом, размером, формой, цветом, толщиной, оттенком глазури она была похожа на плитку, изготовленную вручную, и поэтому все плитки отличаются своим внешним видом друг от друга. Чтобы получить наилучшее сочетание, мы рекомендуем брать плитку при ее укладке из нескольких упаковок. Для повышения эстетического вида рекомендуемая толщина шва должна составлять 3 мм. Используйте только водостойкие адгезивы и цементные растворы. Дополнительную техническую информацию и дополнительные указания по кладке плитки можно получить, позвонив в отдел продаж по телефону +44 1922 743074.

Уход за ванной комнатой Сантехника. Глазурованную поверхность Ваших сантехнических изделий после использования необходимо очистить путем нанесения небольшого количества кремнеподобного чистящего средства.

Нанесите чистящее средство на поверхность с помощью губки или влажной тряпки, а затем тщательно ополосните поверхность чистой водой. Не пользуйтесь чистящими средствами, содержащими абразивные материалы.

Изделия из бронзы и краны со старинной позолотой, хромированным и никелированным покрытием следует мыть теплым мыльным раствором, а затем протирать насухо мягкой тряпкой. Ни в коем случае не следует чистить металлизированные покрытия отбеливателями, абразивными чистящими средствами, полирующими средствами или детергентами, в частности, если эти материалы используются для чистки изделий из никелированной или золоченой поверхностью, то такая поверхность может быть повреждена.

Акриловые ванны следует чистить с помощью аналогичных неабразивных чистящих средств.

Туалетные стопки для ваннх комнат, сиденья и панели ванн можно протирать влажной тряпкой, а затем вытирать насухо куском мягкой материи. Использование полирующих средств, содержащих силиконовые или любые абразивные материалы, может повредить отделку деревянных поверхностей. Допускается умеренное использование парафинсодержащих полирующих средств, которые следует наносить с помощью мягкой сухой тряпки.

NOTES

NOTES

Hand painted wood options:

White

Rosedale White

Cream Haze

Nutmeg Haze

Grey Ecru

Stoneywell Slate

Henley Blue

Moseley Blue

Oiled wood finishes:

Light Oak

Dark Oak

Wood finishes:

Natural Oak*

Wenge

Available Furniture Finishes

Every piece of Imperial bathroom furniture is hand-made by our craftspeople in Britain using traditional jointed construction and a range of solid woods which are either finished to enhance the timber's natural grain or hand-painted in a selection of classic shades. Please see the table below for finishes available in each range.
